JOHNSON COUNTY CHRISTMAS BUREAU JCCB: STATS & FACTS

Our clients are children, single moms, veterans, survivors of domestic abuse, neighbors seeking employment ... families like ours that never thought they would need help.

Over 34,000 Johnson County neighbors live below the federal poverty level (6.5% of the population).

We estimate that over 60,000 neighbors live below 150% of the federal poverty level. In 2022, we served over 11,600 of our neighbors.

For a family of four, this is an annual income below \$37,650.00. These families need a bridge to help them properly provide for their children and pay their bills. JCCB is that bridge.

Since 1960, JCCB provides warmth and support, during the winter holiday season to low-income Johnson County, Kansas families. We increase awareness and understanding of poverty in Johnson County, Kansas; and give neighbors an outlet to help neighbors.
