## Slider Throwdown Returns for Annual Battle of the Burger

On Sunday, November 14th from noon to 3:00 p.m., the popular Slider Throwdown fundraising event that supports the efforts of the Arizona Friends of Foster Children Foundation (AFFCF) returns to High Street, located at 56th and the 101 in North Phoenix.

This annual culinary "battle of the burger" features samplings of delicious slider burger creations made by local food trucks and vendors. Sliders are presented in a variety of innovative interpretations including beef, chicken, veggie and more. Throughout the event, participating food trucks compete for the title of "Best Slider." Select "slider experts" serve as judges for the throwdown, and attendees can also weigh in on their favorite "burger bite" to help one food truck participant take home the coveted "People's Choice" Award. Guests can also enjoy entertainment, shopping and a silent auction as they eat their way through High Street.

"It's our great pleasure to present the 2021 Slider Throwdown and to welcome back our culinary community that continues to support our efforts so generously year after year," says Kris Jacober, Executive Director of the AFFCF. "Our important efforts in helping to create opportunities for youth in foster care would not be possible without the support of our donors and event attendees; we are truly grateful for them."

This year's event features tastings from participating food trucks including:

Chicken and Waffles For the People  
Aioli Burger  
2 Fat Guys Grilled Cheese  
Kingpin BBQ  
Randizzle's  
El Taco Santo

Cutie's Lemonade and More truck and Kicks Frozen Yogurt dessert truck will also be offering complimentary sips and sweets. Admission is \$40 per person and includes samples of all sliders, lemonade and dessert, live entertainment by and a silent auction featuring enticing packages for a variety of interests.

All proceeds from the event benefit the Arizona Friends of Foster Children Foundation (AFFCF), a non-profit organization dedicated to creating positive childhood experiences for youth in foster care and preparing them for successful adulthoods through programming and scholarships. The AFFCF needs the community's help to continue this important work for the more than 13,000 children currently in foster care in the state. Valley residents can do their part while enjoying a delicious afternoon of food and fun at the 2021 Slider Throwdown! Tickets can be purchased via [affcf.org/sliderthrowdown](http://affcf.org/sliderthrowdown).

The AFFCF began nearly 40 years ago by making one small donation of less than \$30, which allowed a young boy the opportunity to take flute lessons. Since that first act, the AFFCF has made more than 70,000 awards totaling more than \$13 million to children in foster care in Arizona. These funds are intended to help foster youth in Arizona have as normal of a childhood as possible, despite their challenging circumstances. Awarded funds go toward assistance in school, music or dance lessons, or sports equipment to ensure each child in Arizona foster care experiences the kind of opportunities every child deserves. ❖

## From the Publisher...

Happy Thanksgiving to all our readers and fans of *Biltmore Lifestyles*! Let's take some time this holiday season to reflect on all that we have to be thankful for and really appreciate the things that we have each and every day. This is the perfect time of year to tell your loved ones how much you care.

Hopefully, you have some fun plans for your Thanksgiving weekend. I usually entertain friends and family at my house, so a day full of cooking will be in store for me, then I will spend the rest of the weekend recuperating. If entertaining at your house is not your style, there are plenty of options here in the Valley to choose from where you will not have to lift a finger . . . or a pan!

This time of year also brings us so many holiday events to choose from. If you have not been to the Holiday Light Experience at Salt River Fields, this is a must see! This Holiday Light Experience is a unique and dazzling drive-through holiday light show that you can experience right from the comfort to your car. After the show, it is fun to drive around town exploring the different houses that are lit up for the holidays. The Arcadia Christmas House has been lighting up the neighborhood for more than 30 years! I would just hop on your computer or cell phone and search for, "Christmas lights near me." Have a wonderful time, be safe and don't forget to take pictures!

Until next month, *Susan*

PARADIGM

## Introductory Luxury Brand: G3 by Camelot Homes

PARADIGM

Camelot Homes has launched a new introductory luxury brand: G3 by Camelot Homes. Led by 37-year-old third generation homebuilder Trent Hancock, the aptly named brand will focus on homes that offer a first step up to luxury. The first project to be built under the G3 name is Paradigm, a 12-lot gated community coming to North 18th Street and East Winchcomb Drive in North Phoenix in 2022.

Paradigm, a collaboration between G3 and Circle Road Companies, will feature one and two-story contemporary designs by the local award-winning architecture firm The Ranch Mine. Homes will range in size from 2,355 to 3,712 square feet, with 2 to 6 bedrooms, 2.5 to 5 bathrooms, and 2 to 3-car garages. Each 6,000 to 12,000 square foot homesite offers scenic views of the Lookout Mountain Preserve. Pricing starts in the high \$700,000s.

Hancock joined Camelot Homes in 2015 and began working on the G3 brand in 2020. "I had an unconventional career path," says the third-generation homebuilder. "I found my way to homebuilding six years ago, after graduating with a degree in business and marketing, then following my passion as a singer/songwriter for a decade. I don't think my family ever thought I'd come back! But I did, and it's clear to me now that I've found my niche."

The Paradigm community is a collaboration between Hancock and Joseph Bruner of Circle Road Companies, who found the land for the project with his father, Circle Road CEO, David Bruner. "When we found this parcel, we jumped on the opportunity to build something really special in this beautiful location," says Joseph. "My family has been friends with the Hancocks for years, so we knew immediately that Camelot would be the ideal partner for this project."

Paradigm will break ground on two spec homes this month, and the targeted delivery for the first homes is July 2022. Each of the two available floorplans are artfully crafted to capture the spectacular desert surroundings and provide a seamless connection to the striking outdoor living, including easy access to hiking trails in the surrounding nature preserve.

"It's exciting to be a part of this new brand, and this new project," says Hancock. "We have a vision for what is lacking in the market and we're looking forward to building energy-efficient introductory luxury homes, embracing new styles of architecture, and ultimately, testing new ideas... exploring the boundaries of what can be done."

Local residential real estate brokerage The Brokery is handling all sales for Paradigm. Those interested in additional information on Paradigm should visit <https://camelothomes.com/community/paradigm>.

# “The Great Resignation”

## And How It's Grown One U.S. Business That Is Teaching Aspiring Entrepreneurs to Start and Run Their Own Business

Founded in 2019, ENTRE Institute, the leading online school for aspiring entrepreneurs has now landed on the *Inc* 5000 list, after the company reports an 889% increase in the past year alone due to what is called “The Great Resignation.”

“This period in American history following the pandemic has led to millions of people reprioritizing their life,” said Joe Shurtz, Phoenix resident and Chief Operating Officer of ENTRE Institute. “The time spent at home with their family has opened their eyes to other possibilities, and we are thrilled to be able to give them the tools to make their dream job a reality.”

Aptly named “The Great Resignation” due to millions of people who quit their jobs in search of more flexibility, freedom and family time, many former full-time in-office employees were in search of what's next. ENTRE, which launched in 2019 quickly went from teaching an average of 687 students per month to 6,801 per month in 2021.

“While we had been building the online coursework for ENTRE for nearly a decade prior, we launched the business at seemingly the perfect time as people began leaving their jobs en masse in order to pursue their passions,” said Shurtz. “For many, that meant creating a business of their own and ENTRE teaches exactly that: how to become a successful entrepreneur.”

One of the entrepreneurs is Jordan Roscoe. After working ten years as a power lineman, he realized he needed a shift in life once his first son was born. He wanted to spend more time with his family and live a life that gave him meaning and passion. This 31-year-old self-proclaimed tech newbie dove into the world of entrepreneurship and began learning powerful, relevant skills at ENTRE Institute. Within four months of going through their Accelerator Agency Curriculum he landed his first national brand contract and is working full-time online as a marketing and business consultant.

Realizing that many former workers have many different skill sets, Shurtz and his team at ENTRE prepared his courses accordingly including:

- **ENTRE Blueprint:** this flagship training course teaches the three most powerful business models for aspiring entrepreneurs in the new economy.
- **ENTRE Foundations Video Series:** this six-part video series teaches secrets to success, building an ideal lifestyle, money secrets, how to build a brand, how to streamline sales systems and ultimately how to unlock compounding wealth.
- **ENTRE's Business Accelerator Programs:** this 60-day training is developed for taking one's ideas and turning them into results; how to build a successful business from the ground up, how to properly run it, and how to optimize its operations for success.
- **ENTRE's Business Mastery Program:** this class is for experienced business owners to continue their education; to improve both hard and soft skills, learn new marketing strategies, ways to close new business or stay up to date on the latest advertising platforms that may be critical for success.
- **ENTRE Coaching:** this is a hands-on coaching opportunity for both small and large groups that offers assistance with every part of a business – be it technical, strategic or operational – that will give students more confidence in knowing there is someone on their side to help.

“For the many people who are still unemployed and figuring out what's next, our flagship ENTRE Blueprint course has really seemed to give people the push they need to get started,” said Shurtz. “We want to give everyone an opportunity to not just enjoy their work but live their best life.”

For more information on ENTRE Institute or to begin a course, please visit the website at [www.entreinstitute.com](http://www.entreinstitute.com). ❖

### ~ Real Estate Update ~

#### Booming Demand and Limited Inventory All Point to Continued Strength in the Phoenix Market

*By Debbie Frazelle, Coldwell Banker Realty*

~ **Migration to Arizona is likely to increase.** As our weather becomes near perfect during the winter months, residents will continue to look for a relatively low cost of living, and high quality of life. The current migration from states like California, Washington and Illinois will continue, and potentially increase this winter and

Spring. An average of 280 people move to Arizona every day!!!

~ **Home prices will continue to go up.** The entire Phoenix area is breaking records over records in sales prices, and I expect this to continue. The supply simply isn't close to catching up to the current demand, and it will take time to reach this point. I anticipate this increase continuing through 2022 and beyond.

~ **It will continue to be a seller's market.** Due to increased demand and mounting home prices, I believe it will continue to be a seller's market here in the Valley for the foreseeable future. Buyers will need to understand that competition is fierce, homes are selling for well over asking price and contingencies are often waived. It is important to plan accordingly, both to maximize chances of success and to avoid the disappointment many are experiencing after multiple rejected offers.

~ **Flippers and investors will present a challenge to buyers.** With interest rates being as low as they are, investors, flippers and first-time home buyers are extremely active in this market, making it that much more difficult for buyers to find their dream home at their desired price point. This trend is likely to intensify as we fly through the winter months and into spring of next year.

~ **Construction shortages will continue to slow new home builds.** The labor and materials shortages are expected to continue into 2022, slowing the rate of new home construction in the Phoenix area. As a result, the biggest source of inventory for those looking to buy will be existing

homes that become available, as owners opt to take advantage of the increased prices and sell their homes.

## Sculpt AZ ~ Luxury Phoenix Aesthetic Experience

Let's face it. The typical "luxury" medical spa experience leaves a lot to be desired.

That's because for all their talk of pampering, most medspas are set up more like dentist offices or strip mall massage parlors than anything close to true luxury.

At Sculpt AZ Medical Aesthetics, we know that true luxury means living up to certain expectations of quality. Whether it is our look, the way we feel, or the way we are treated, luxury means raising the bar, and then raising it again. To that end, we have created a new breed of medspa: experiential aesthetics.

Indulge in the best Phoenix has to offer — and look great doing it! When it comes time for your actual treatments, we will escort you to our private treatment suites, where you will be in the very best hands. Our suites are gorgeous and clean, and our providers are highly-trained aesthetic professionals. We make sure you get the highest quality medical spa results from each of our nonsurgical beauty procedures.

Sculpt AZ Medical Aesthetics lives at the cutting edge of body contouring...by not doing any cutting at all! All of our procedures are completely nonsurgical. We use energy-based treatment methods to provide stunning results without the long downtimes of plastic surgery.

You care about what you put into your body. So do we. At Sculpt AZ, we use only the highest quality dermal fillers and neuromodulators from the most reputable companies, like Botox. Our nurse injectors apply your treatment with care and precision, preserving your natural look and ability to express yourself. Whether you would like to plump up your lips, get rid of crow's feet, or add some volume to your cheeks, Sculpt AZ is your destination for expertly-applied injectable treatments in Phoenix.

# Return of The 6th Annual Phoenix Pizza Festival!

## Presented by T-Mobile

The 6th Annual Phoenix Pizza Festival Presented by T-Mobile is set for Saturday and Sunday, November 13th and 14th, 2021 at Margaret T. Hance Park in Downtown Phoenix. Limited tickets are available, so the Phoenix Pizza Festival is expected to sell out as it has done every year. The event is expanding both in size and duration. The previously single-day festival is now two days, with a Sunday ticket available; and the event footprint has expanded into the streets surrounding Hance Park. Both of these moves are aimed at spreading out the pizza-loving crowds, allowing for social distance between attendees, while also making vendors safely and comfortably spread out.

On this glorious pizza weekend, Hance Park will become a cheesy paradise for approximately 5,000 attendees who will have access to approximately 15 to 20 pizza makers, dessert food trucks, related food vendors, and a full, park-filled festival with lawn games, live bands, and a kid's craft zone. Pizza makers will serve \$2-\$4 slices, full pies, and everything in between. Some of this year's participants include: Lou Malnati's, La Piazza Al Forno, Nicastro Wood-Fired Pizza, Bored Baker, D'Amico Cucina Italiana, L'Impasto Wood-Fired Pizza, Re Di Roma, Freak Brothers, Into The Fire, Floridino's and Pizza Arno. Most of the vendors are also private caterers with wood-fired ovens, so the Phoenix Pizza Festival is the best way to try them before booking them. The bars will feature Mule 2.0 cocktails in a can, Bogle wines and beer from New Belgium and locally owned State 48. Generous

sponsors like T-Mobile are helping to make the return of live events like this possible, so be on the lookout for their engaging displays at the festival as well.

The Phoenix Pizza Festival has again partnered with Downtown Phoenix Inc. as a charity beneficiary. This community development group promotes the revitalization of downtown by supporting events and local businesses.

Tickets are \$12 for entry and are online purchase only. For more information, please call (480) 442-9176 or visit [www.phoenix.pizza](http://www.phoenix.pizza). ❖

## The Joy Bus Welcomes Joshua Hebert as New Head Chef

The Joy Bus is a Not-for-Profit organization whose sole purpose is to relieve the daily struggles of homebound cancer patients with a fresh chef-inspired meal and a friendly face. After a more than 18-month hiatus, The Joy Bus Diner has reopened in North Phoenix. The Joy Bus is excited to bring on famed Valley chef, Joshua Hebert, who is joining their team as Head Chef. Founded in 2011, The Joy Bus brings chef-inspired meals and caring conversations to cancer patients Valley-wide through its More Than a Meal program, while The Joy Bus Diner is a full-service restaurant where all funds raised go to support The Joy Bus' charitable efforts.

Chef Joshua Hebert is known for his award-winning restaurants, Hot Noodles, Cold Sake and Posh Improvisational Cuisine, and for cooking at the prestigious James Beard House. The head chef position at the Joy Bus diner is especially important to Chef Joshua, who lost both parents to battles with cancer. "I did not want to work in another restaurant just to do it, I wanted to do something meaningful to me, which is something The Joy Bus can offer," Herbert says.

At The Joy Bus, Hebert's mission is to provide the most delicious, nutrient packed meals via the More Than a Meal program, as well as serving up from-scratch versions of classic diner fare in the restaurant, because "the best meals are the simplest with the highest quality ingredients." When not at The Joy Bus, Chef Joshua can be found on the golf course, playing with his dog, teaching classes at Classic Cooking Academy, or trolling the local farmers markets, and operating as a private chef for small intimate gatherings.

The Joy Bus Diner is located at 3375 E. Shea Blvd. Suite C-1. For information, call (602) 595-5884 or visit [www.thejoybusdiner.com](http://www.thejoybusdiner.com). ❖

## Introducing Cali Weights

Cali Weights are brand-new chic weighted bracelets that come in a ton of fun colors to help you look and feel your best. These versatile, durable and stylish bracelets each weigh ¼ pound, and are meant to mix and match. Cali Weights come in a beautifully packaged case that is 100% recyclable, and each bracelet is made of high-density moldable iron and covered with hand-soft silicone that is water and sweatproof. Each case comes with four bracelets. You can wear four or more bracelets at a time to achieve your fitness goals, and they are available in three different sizes (small, medium and large) to fit a variety of wrists. They are the perfect accessory to wear all day during school drop offs, Zoom calls, yoga and Pilates classes, spin, teaching, the gym... the options are endless.

Eric and Vanessa Finkelman are the founders of Cali Weights. They set out to make the most fashionable weighted jewelry in the world because wearable fitness accessories only work if you want to wear them. They both found out early in their entrepreneurial careers that finding time to exercise, taking care of yourself, and making sure you look great isn't always easy. They knew there had to be a solution for those who wanted to look great, feel good and stay active, while also balancing a busy schedule. So, their solution was Cali Weights.

## Huss Brewing Co. Launches Arizona Ranch Water

Landing in grocery stores, bars, restaurants and resorts last month, Huss Brewing Co. has brought its first-ever agave hard seltzer, Arizona Ranch Water, to the local market. Ranch Water is also available at the Huss Taprooms in Tempe and Uptown Phoenix. This refreshing hard seltzer is inspired by the arid climate here in the heart of the Sonoran Desert and is also the first local version of ranch water offered in Arizona.

It is rumored that Ranch Water was created by a rancher in West Texas in the 1960s. Traditionally the beverage is a mix of tequila, lime and bottled mineral water. Using that as inspiration for their own twist in Ranch Water, Huss's version utilizes a surprise blend of a brewed malt combined with ingredients that give homage to the state of Arizona.

"While the hard seltzer category has been one of the fastest growing segments of the beverage market for several years now, we wanted to take our time and make sure that we created a truly unique product that spoke to our Sonoran Desert surroundings," says Leah Huss, Co-Owner of Huss Brewing Co. "So it was only natural for us to start with a Southwestern specialty like Ranch Water, and then put a special Arizona spin on it by using 100% fresh lime, alongside notes of agave, tangerine and a deliciously effervescent mouthful."

Arizona Ranch Water comes in Original Arizona Lime and Arizona Tangerine flavors, both made with 100-percent fresh lime juice with notes of agave, to create a delightfully fizzy, dangerously quenching beverage that's only 95 calories and 2 carbs per 12 ounce can.
