

# From Puzzled to Pro Smartphone Basics

A Hands-On Smartphone Skills Course for Adults

## Who This Class Is For

Adults who want to use their smartphone with confidence — whether it's an iPhone or Android — to stay in touch, get things done, and enjoy the digital world. No prior tech experience needed.

## What You'll Learn

- How to make and receive calls and texts
- Using apps for everyday tasks
- Taking, storing, and sharing photos
- Adjusting settings to suit your needs

## Why It Matters

Smartphones are the gateway to staying connected with friends, family, and the world. In this course, learners gain the skills to communicate, manage daily tasks, and explore new interests — all from the palm of their hand.
