

At Mimiquins, we see each mannequin not simply as a product, but as part of your creative journey. Every piece is an investment in precision, craftsmanship, and the unique service that supports it; from the scanning session and consultation to the bespoke model design and final mannequin itself.

We believe in complete transparency. Below, you'll find a clear breakdown of what's included, so you know exactly what to expect. There are no hidden costs, and every order comes with a height-adjustable stand. For international clients, we also outline shipping and customs considerations to make the process as smooth as possible.

United Kingdom (Incl. VAT)

Classic Mimiquin	£1,599
Pro Mimiquin	£1,999
Arms	£799

European Union (Incl. VAT)

Classic Mimiquin	from €1890
Pro Mimiquin	from €2360
Arms	from €940

Australia (AUD \$, zero-rated)

Classic Mimiquin	from \$3070
Pro Mimiquin	from \$3840
Arms	from \$1350

EUR/AUD Prices – All Euro and Australian Dollar figures are provided as indicative “from” prices. They may vary in line with currency exchange rates and market conditions. We reserve the right to make adjustments accordingly.

Shipping Rates – For EU and Australia, shipping is estimated at approximately £140–£180, depending on location and final weight. Shipping is billed separately.

Customs Support (Optional) – For a flat fee of £150, we can manage customs communications on your behalf and pre-pay the duties to ensure smooth delivery. We will then invoice you accordingly.

Customs Duties – Customs are charged only on the *product* portion of your order, not on services. Half of every order relates to services, including the scanning session, consultation, digital processing, and model design, which accounts for 50% of the total cost. The remaining 50% represents the mannequin itself, and this is the value on which customs are calculated (plus shipping).

For example: if you purchase a Classic Mimiquin at £1,599, half of this amount (£800 approx.) represents services, and the other half (£800 approx.) is the mannequin. Customs

will be charged only on the mannequin portion, not on the services.

As a guide, EU customs are generally around 20% of the product value (depending on the country), while Australia applies around 5%.

Transparency – This breakdown is provided purely to give clarity and help you plan with confidence.
