

Thank you so very much for your interest in joining our family of sponsors!!! We cannot offer free tours to patients without your help, and we're so grateful to you for your interest in making this happen!! We currently have a 5 star rating on Facebook, and the tours are very popular.

#### About The Tour

Above all else, we aim to provide passengers with a positive, happy experience in an attempt to help them alleviate stress and decompress for better health. Equally, I strive to bring you as many new patients as possible whom will shop with you and become repeat customers. I want to help you help them and will take any guidance you provide.

#### Scheduling

You can choose a specific day that you would like for the tour bus to visit you, and I will do my very best to ensure a full bus complete with passenger deposits to cover no-shows.

Another, and most popular option, is for us to let you know when we have a tour lined up with passengers who have paid their \$30 deposit, and then you can let me know if that time works for you.

\*\*We will spend no-show deposit money among you and dispensaries on the tour.

Please call or contact us with any further questions and requests!

What I've gleaned from passengers on tours to date.

- \* Patient passengers are looking for a great vibe, people, education and information, as well as specials, first time patient deals and/or VIP Bus Passenger specials.
- \* I've noticed that they all try to purchase anything you make up specially for them, like gift bags for \$20 etc.
- \* We arrive with a group from 7 to 12 which includes the driver and sometimes a tour guide, whom also try to make a purchase with you as well so we include ourselves in our numbers.

If you are able to let passengers show their cards and leave them with check-in so they can shop while they are being entered into the system, that allows them more time to shop and purchase their selections.
