 - The group has all that is needed but Andrea has purchased some medallions for celebrants at the group.
 - Andrea continues to announce interest of Men who are willing to do Sponsor Service at the group level and have names added to our Men's Sponsorship List.

Discussion about someone that was new to the group offering to be added to the Men's Sponsor List. They reached out to the group with their name and email address. Andrea mentioned that she did not know this individual and wanted to know how to handle situations like this within the group.

Dan offered to talk with the man that was interested in being added to the list as the group wants to include the person's sober date and if they have been through the steps. Andrea stated that the group is referring people to this list and wants to be considerate of the vulnerable position that newcomers are in when providing them with this valuable information. Andrea wrote back and will follow up with Dan if they reply with the information she has requested. The persons will be added to the group lists at the discretion of the Secretary, Andrea. Format of the Meeting for Hosts: Julie brought up the conversation about the Host position of the group in allowing the rename ability and chat open to Host/Co-Hosts. She wanted to ensure that everyone was doing the same thing. Suzanne went back over Bus Meeting minutes and discovered that the following is the format of the meeting as per Group Conscience:

“It is the format of the meeting that our Hosts keep open the Rename ability for visitors to change their name as well as the chat remain open to attended by Hosts/Co-Hosts.”

Meeting ended with Julie leading with the Our Father
