6	Overhead L	14		22
7	Overhead R	15		23
8	Bass XLR Out direct	16		24

BACKLINE: Band provides full backline and drums unless otherwise coordinated.

DRUMS: Standard 5-piece acoustic kit.

VOCALS: Lead Singer provides self-contained wireless system and FX pedalboard (XLR output).

Monitors - Drums, bass and guitars use traditional wedge monitors. Lead Vocal uses band-provided IEM (requires one XLR monitor feed from house).

PA/PRODUCTION: For venues without an in-house system, "On The Rocks" can provide a professional PA system and lighting system (suitable for up to 200 attendees).
