Through the generosity of donors like you, the Foundation has provided over \$8 million in support of local charitable organizations and programs, and over \$800,000 in scholarship funding since its inception in 1996.

And, thanks to the permanence of endowed funds, support of charitable causes and programs will continue in perpetuity through the Orange County Community Foundation, Inc.

We can assist you in contributing toward a fund or cause that you feel strongly about, or guide you through the process of creating a new fund.

Through the Orange County Community Foundation, Inc., you can make a difference in your community.

Help us build a better Orange County and realize your dreams as a philanthropist at the same time.

What is a community foundation?

A community foundation is a tax-exempt public charity that provides a means for people like you to make a difference in your own community. You can do so by contributing to an established fund, or by creating a fund of your own.

Your gifts are jointly invested with more than 100 other funds and managed professionally. Over time, the assets grow and grants are awarded from each established fund to support the local community in accordance with the donors' intent.

The Orange County Community Foundation, Inc. is overseen by a board of directors comprised of community-minded volunteers. Day to day operations are administered by professionals with expertise in the needs of the county, marketing, programming, and financial management.

We are pro-active in the Orange County community, identifying current and emerging issues, stimulating resources to address those issues, and helping our region prepare for the future.

Building a better community...together!
