Company Overview

Arrona Tech, LLC is a Veteran-owned, SBA-certified 8(a) Small Business and AWS IQ Expert specializing in Cloud, Big Data, Systems Engineering, and Software Consulting. We deliver agile, mission-focused solutions for the Department of Defense and Intelligence Community, with deep expertise in Amazon Web Services (AWS), secure architectures, full stack development, database management and low-code platforms like Appian.

Our team has extensive experience designing, developing, and modernizing enterprise systems, enabling rapid delivery of scalable and compliant workflow automation solutions. From business process reengineering to case management and data-driven applications, we help clients transform legacy systems and improve operational efficiency.

We rapidly prototype and deploy Minimum Viable Products (MVPs), leveraging open-source and cloud-native technologies to meet urgent mission needs. With proven capabilities in systems integration, data science, data analytics and project management. Arrona Tech enables organizations to innovate, adapt, and deliver impactful outcomes in complex, secure environments.
