Active ingredients: 15% Homosalate, 10% Octocrylene, 5% Octisalate, 3% Avobenzene
Caprylic/Capric Triglyceride, Silica, Feruloyl Soy Glycerides, Ethylhexyl Methoxycrylene

Procedure

1. Mix A, heating and stirring until clear
2. Progressively add B with side sweep agitation

Distinctives

- ✚ Clear sunscreen lotion that goes on smoothly and 'dries' quickly thanks to SOLESPHERE H-33
- ✚ In-vivo SPF 57.9, CW 376nm
