

## ACTIVITIES

Create a sign for a place to save and invest money, to encourage a child George's age.

Draw a picture of a dollar bill with as many details as possible and don't forget to add some color.

Describe a toy from the store, using as many details as possible and have a friend guess what it could be

Act out an activity that is done in a particular season, and have friends guess what season your activity takes place.

Can you create a recipe for lemonade? (Use exact measurements)

Using magnetic letters or letter blocks- unscramble letters to create the following words: Water, sugar, lemonade, lemon, sign, spoon, cup, ice, & thirsty

Act out a part of the story.

Tell your teacher how you could create a chapter book from this short story and other ideas you would include, as well as how your book would end.

Research the different operations and services a bank may conduct and explain the benefits for a community and individual customers.

Write one paragraph encouraging a classmate to open a savings account at the bank instead of spending, or saving his money in a at home.
