

Build a Cauldron

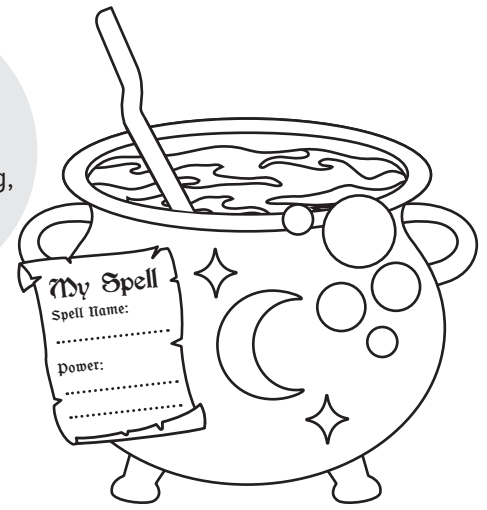

Instructions

Print onto thick paper or card, cut out all the pieces and color them in, then follow the directions to make your cauldron. The two main parts create a pocket for you to place all the spell ingredients inside. See the picture top right for what your finished cauldron will look like.

Fact

Cauldrons have been used for thousands of years for cooking, heating water, and for cultural rituals

Potion Bubbles

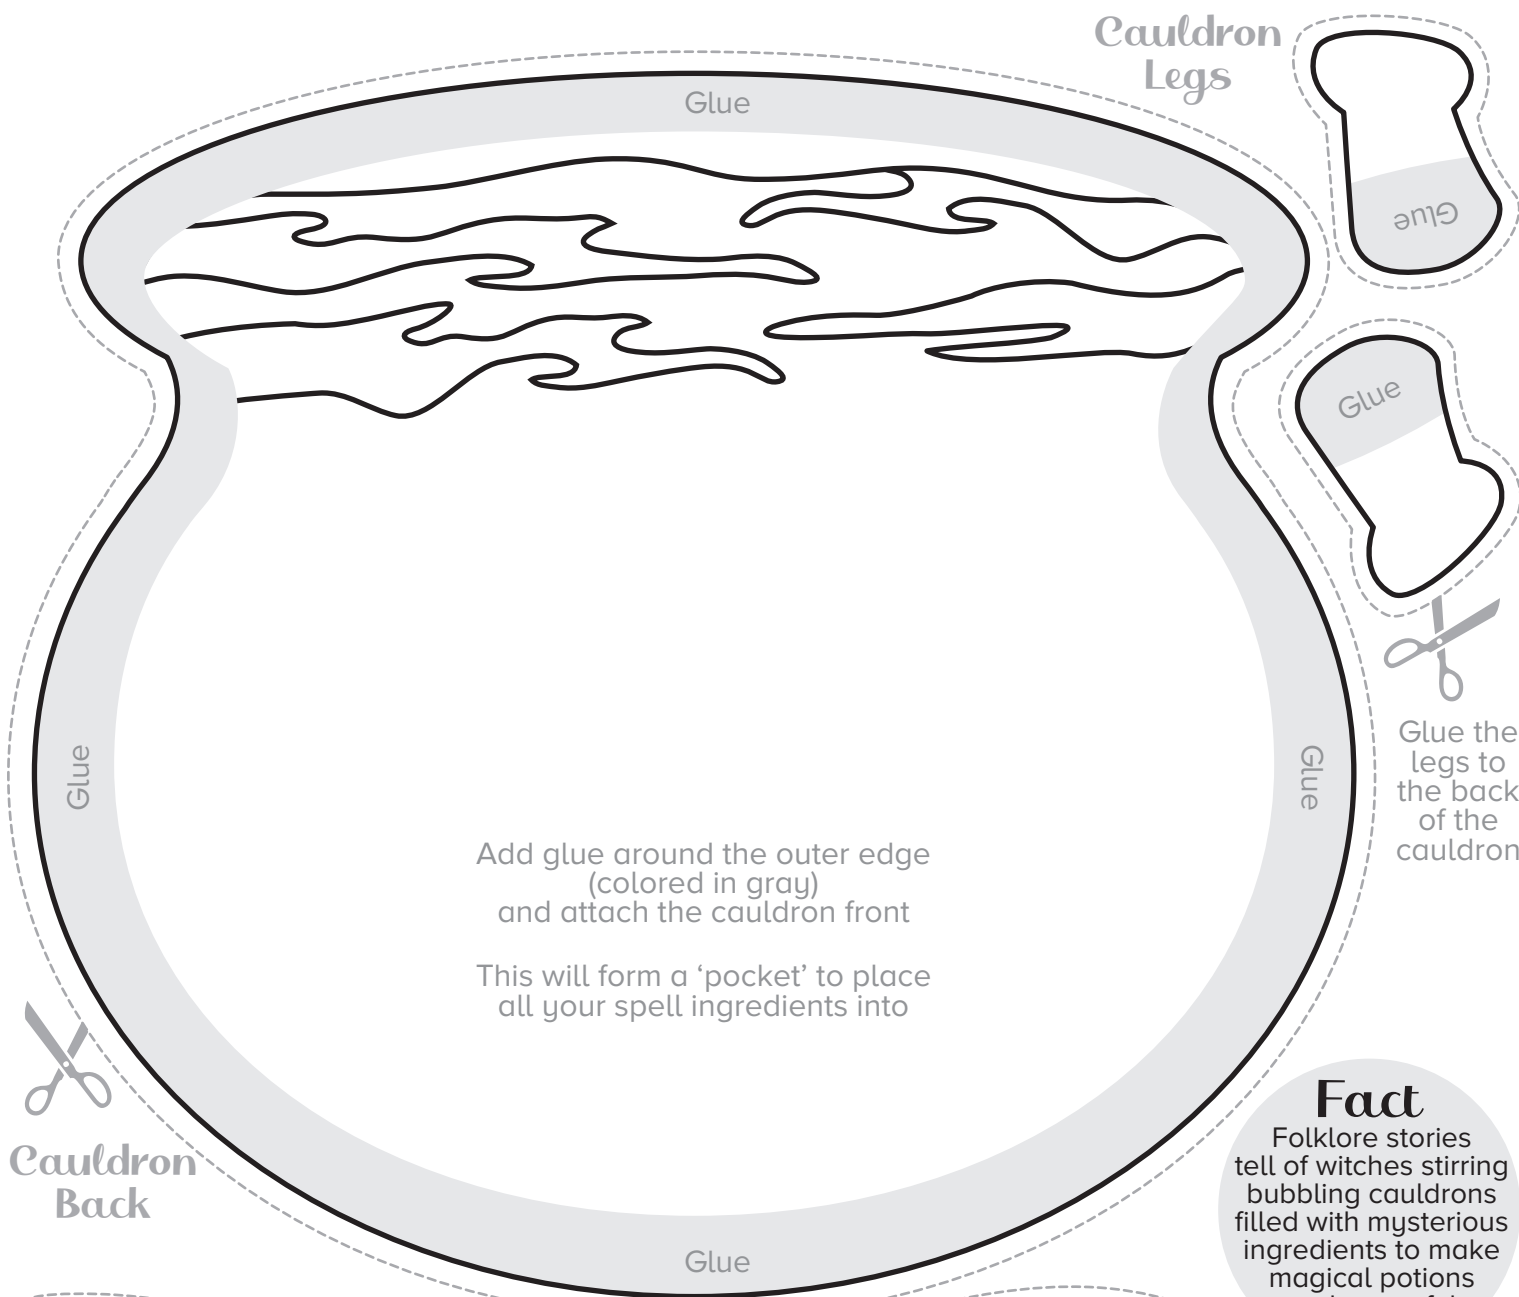

Fact

The word 'cauldron' comes from an old Latin word meaning 'boiler'

Fact

Folklore stories tell of witches stirring bubbling cauldrons filled with mysterious ingredients to make magical potions and powerful spells!

A scroll-like template for writing a spell. It has a decorative border and a dashed outline. A pair of scissors icon is on the right.
