

Our Founder:

Our Little Peace of Mind was started by Christy Pickrell. She has over 35 years of caregiving experience and training caring for loved ones. She is an author, mom of an autistic adult son and advocate. Through her trial and error, we have been able to create products and solutions for you to track, coordinate, educate and share information.

What we do:

We create one-of-a-kind solutions that are perfect for your family. No project is too small. We work one on one with each client to create solutions that are as unique as you are.

Our Promise:

Our Little Peace of Mind adheres to all HIPAA and privacy laws. All our product specialists are insured, with full background checks, bonded and HIPAA compliant. Your information is secure with us! We will never sell, share, or market your information to outside sources, companies, or individuals.
