

THE HEALTHY EARTH ORG

2023 Annual Report

THE HEALTHY EARTH'S MISSION

We're helping young people realize the importance of nature, understanding environmental issues, and ways they can help.

Our mission is to provide experiences and resources that allow our next generation in southwest Florida the ability to develop new unique ideas and solutions that generate positive change for our community and environment.

MESSAGE FROM OUR CEO

As we embark on a new year, I am thrilled to reflect on the incredible milestones we achieved together in the past year at The Healthy Earth Org.

With the unwavering support of our community partners, supporters, and donors we were able to collect 4,643 marine debris, create or revamp 7 food and pollinator gardens, and were able to work with over 1,200 + volunteers to make our work possible.

As we look ahead, there is much more work to be done, and I am confident that, together, we can continue making a positive impact on the health of our Earth. Your commitment to our cause is truly inspiring, and we are grateful to have such a dedicated community.

Thank you for being a crucial part of the Healthy Earths' journey. Let's make this year even more remarkable as we strive for a healthier, more sustainable future.

Warm regards,

Falon Tabares
Chief Executive Officer

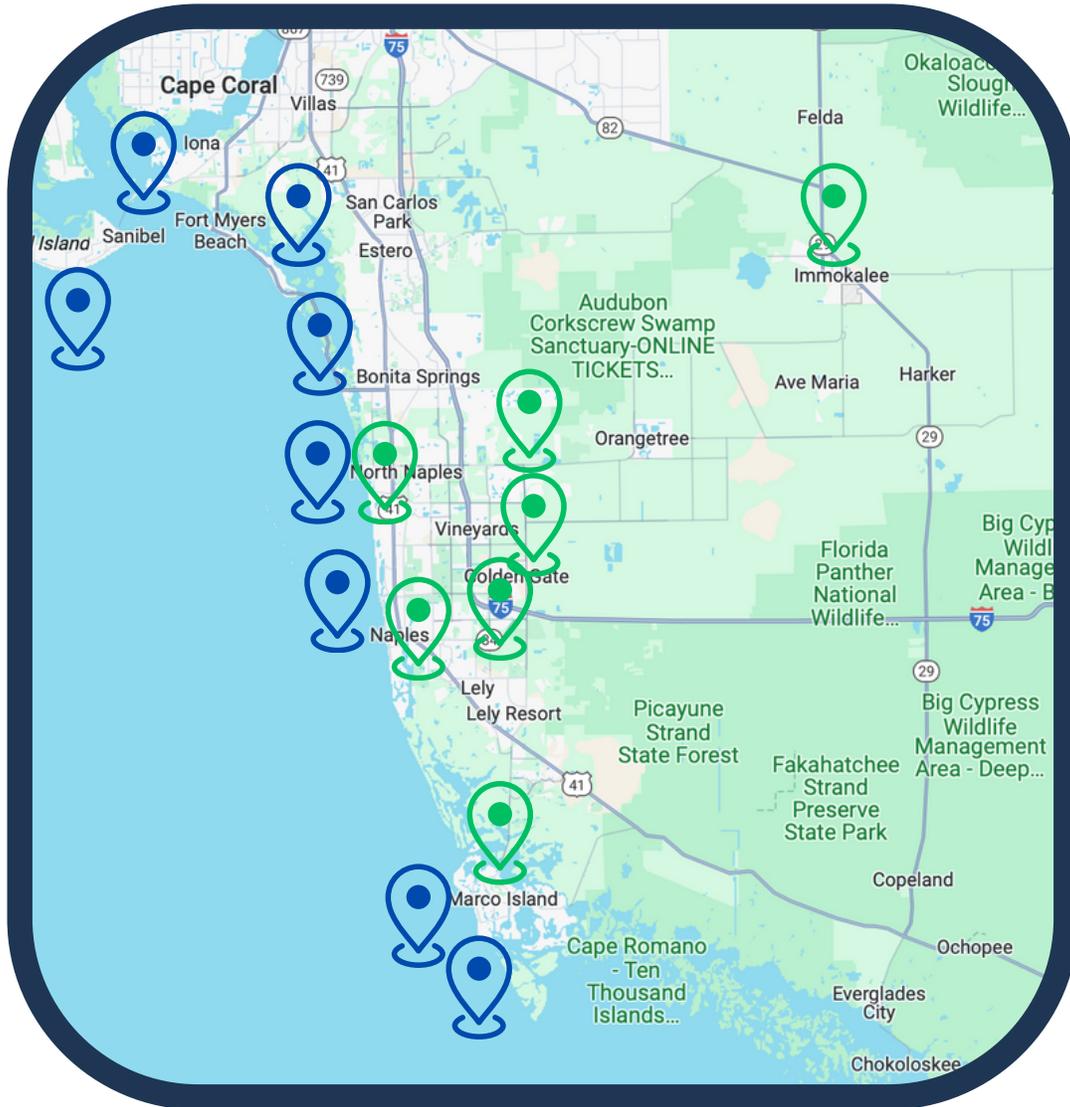

2022 - 2023 BOARD OF DIRECTORS

John Harold, Chairman
Krissy Delashmet, Vice Chairman
Naomi Suarez, Secretary

SURFING'S EVOLUTION
& PRESERVATION
FOUNDATION

Our organization hosts one to two beach cleanups per month and four to five reef cleanups per year with the help of community volunteers. After Hurricane Ian we have witnessed a tremendous increase in coastal debris. The average amount of debris collected per cleanup is about 178 pounds.

OUR GARDENING PROJECTS ARE MADE POSSIBLE WITH THE SUPPORT FROM

We partner with local organizations and early learning centers to either revamp their gardens or start one from scratch. The priority is for kids to learn to grow their own food because kids that grow fruits and veggies eat them!

A man wearing a light blue long-sleeved shirt, a grey baseball cap, and sunglasses is standing on a boat. He is holding a large, brown, mesh fishing net that is full of small, white fish. The boat is on the water, and the sky is blue with some clouds. In the foreground, there is a large white circular graphic that contains text.
