

**Back To You** (Alex Penalber/Marnee Bryant)  
(verse)  
I've shed all my tears, more than my years  
Conquered many woes  
Collected more than most, been battered and bruised  
I've had nothing to lose, no matter where I go  
It all comes back to you

(chorus)  
It all comes back to you (4x)

(verse)  
I've walked on guided splinters, I've dangled on the wire  
I've danced along the edges of life's eternal fire  
I've seen some things, you might someday too  
No matter where I go, it all comes back to you

(chorus)  
It all comes back to you (4x)

(bridge)  
There are times when I thought, I would lose my mind  
Living this life, without you by my side  
Searching for something, I may never find  
Something to take the place of this void inside

(chorus)  
It all comes back to you (4x)

**Wild Beast** (Gary Thompson/Marnee Bryant)

(verse)  
Of the jungle, feel the heat, flesh of steel, dance to beat  
I'm death defying, sing songs of love,  
watch me wonder, what's next to shove  
Go faster, faster, search out prey, take my potent,  
love today  
Crazy crazy, it's in my blood, on the hunt, for your love

(chorus)  
Wild beast, wild beast  
Searching for you on these streets  
Wild beast, wild beast  
Searching for love in my heart

(verse)  
Gonna trespass, in your zone, coming for you, at your home  
Try to run, escape from me, I will catch you, your destiny  
Now you're mine, I master now, step in line, I show you how  
Live together, we happy now, show you love, I twist you how?

(chorus)  
Wild beast, wild beast  
Searching for you on these streets  
Wild beast, wild beast  
Searching for love in my heart

**Johnny Spade** (Gary Thompson/Marnee Bryant)  
(verse)  
I wanna tell you a story  
About the rockiest guy I knew  
He lived in the moment  
The epitome of cool

Always a guitar in his hands  
And shades that were so cool  
With foul response he was rockin'  
And, he ain't nobody's fool

(chorus)  
Johnny Spade was a rocker  
The real deal through and through  
Sent his love to the people  
And, the world embraced his cool, yeah

(verse)  
Now, Johnny Spade had a girlfriend  
And her name was Harley B  
The hottest couple in show biz  
And made the paparazzi bleed

Well, he hung around the Doll Hut  
And the locals knew he's true  
Startin' lines around 8 o'clock  
With the bar servin' brews

(chorus)  
Johnny Spade was a rocker  
The rockiest guy I knew  
Johnny Spade was a rocker  
And I loved him too  
Johnny Spade, he was a rocker

Johnny Spade was a rocker  
The epitome of cool  
Johnny Spade was a rocker

**Narcissist** (Gary Thompson/Marnee Bryant)  
(verse)  
Your first impression was fantastic  
Your charm was so over ecstatic  
Eventually, I fell apart  
Discovering your portrayal was a luke

You're reactive, all talk  
No action, micromanage  
Gas lighter, extremely damage  
Don't agree with you  
You carry baggage

(chorus)  
Narcissist in disguise  
Narcissist, I despise  
Narcissist feel my scorn  
Narcissist, be forewarned! Be forewarned!

(verse)  
You believe you're superior to others  
You take their ideas and say they're yours  
You take the credit and do nothing at all  
You're toxic and your arrogance is oh so obnoxious

(chorus)  
Narcissist in disguise  
Narcissist, I despise  
Narcissist feel my scorn  
Narcissist, be forewarned! Be forewarned!

Oh, you're a narcissist!

**Just Smile** (Gary Thompson/Marnee Bryant)

(verse)  
You've got a mean looking stare,

but I don't care  
I'd love to be friends, but to no end  
These bad vibes from you, are solemn  
and blue  
Won't play games, until you be true  
Why do you hurt me? I'll smile at you  
Why do you curse me? I'll smile at you

(chorus)  
Just smile and kill them with kindness (2x)  
Turn that frown upside down, down

(verse)  
A wise man said, kill them with kindness  
Be true to your word and don't walk in  
blindness  
Reap the benefits that you sow  
All this advise, you've heard before  
Why don't you love me? I'll smile at you  
Please just hold me, cuz I'm smiling at you

(chorus)  
Just smile and kill them with kindness (2x)  
Turn that frown upside down, down

Kill them with kindness!  
Oh, just smile!

**Sly Dog Boy** (Gary Thompson)  
(verse)  
Hey now people, stop and look  
And see who's made the scene  
The folks back home, can't begin to guess  
That their son's in vibes and jeans

Now the sound is loud, and the tension's  
there  
And big mama shakes it down  
The handrads are clapping in the very  
front row  
Where the smokes are passed around

(chorus)  
Sly Dog Boy big mama says  
It's in the way that you strut  
Those sexy lyrics, hair and beads  
Don't keep your hotel door shut!  
Ohhh! Sly Dog Boy

(verse)  
Now the money pours in with the  
manager's grin  
And I'm on the road to roll  
We've packed every hall from London  
to Seoul  
With a sweet song, in my heart,  
that's my goal!

(Chorus)  
Sly Dog Boy big mama says  
It's in the way that you strut  
Those sexy lyrics, hair and beads  
Don't keep your hotel door shut!  
Ohhh! Sly Dog Boy

Long brown hair and siren voice  
Pierces me to my soul  
She's a thing of angelic beauty  
As she sings fables of old

(chorus)  
**She's a Riot** (Chris Penalber)

(verse)  
She's a riot! Everyone Knows.  
She's a riot, everywhere she goes

She's a riot, She's a riot!

When she enters the room, everyone stares  
People start talking, but she don't care

She'll show you things, you might never forget  
She might even show you her cursed corset!

(chorus)  
She's a riot! Anyone can see, She's a riot!  
She's alright with me  
She's a riot, She's a riot!

She cuts her own path, no matter where she  
goes  
She sometimes gets lost, inside her own  
thoughts

She walks around, looking half in a daze  
That's the way she is, she's strange and amazing

**To Be in love** (Gary Thompson/Marnee Bryant)

(verse)  
You've become hardened in your soul  
That lust for life is just no more  
I want to be the one to prove you wrong  
All I can do is sing it in this song

(chorus)  
Cuz everyone wants to be in love  
But sometimes it's so hard to find  
You're the one I'm thinking about  
I wish you could read my mind  
I wish you could be all mine

(verse)  
Once in a while, the sun rays shine down  
And casts away the gloom of this old town  
I see us there in that rainbows glare  
Forever, together, in that love gaze stare

I hope you feel the love I have for you  
All this while and all eternity  
Cuz no one can replace your love  
Our destiny is an endless love

(chorus)  
Cuz everyone wants to be in love  
But sometimes it's so hard to find  
You're the one I'm thinking about  
I wish you could read my mind  
I wish you could be all mine

**Sweet Country Angel** (Gary Thompson)

(verse)  
Life is for the living  
Give it all you got  
Freckled faced guitar girl  
Singing like a lark

Long brown hair and siren voice  
Pierces me to my soul  
She's a thing of angelic beauty  
As she sings fables of old

(chorus)  
She's my sweet country angel  
Singing with the band  
Sweet country angel  
Singing along with Gram

(verse)  
Out in the country  
Where the stars shine so bright  
Freckled faced guitar girl  
She makes me feel alright

When I meet that girl  
I'll kiss her hand  
And tell her what she does to me  
Cuz I'm her biggest fan

(chorus)  
She's my sweet country angel  
Singing with the band  
Sweet country angel  
Singing along with Gram

**Boss City** (Gary Thompson)  
(verse)  
I got a Boss Hemi Mustang with a 454  
Pedal to the metal  
Pushin' right through the floor

Engine crankin' forward  
Pushin' pistons so hard  
Shifting gears with ease  
As I blow past your yard

(chorus)  
I'm in Boss City baby (2x)  
If you play your cards right  
You'll be in for a fight  
At Boss City (2x), Oh yeah!

I've got leather seats for cushion  
Stereo blatin' loud  
Everything full throttle  
And my boyfriends so proud

I get out on the highway  
No policeman in sight  
You'd better strap in  
Cuz this car's burnin' bright

(chorus)  
I'm in Boss City baby (2x)  
If you play your cards right  
You'll be in for a fight  
At Boss City (2x), Oh yeah!

At Boss City (8x)

**Tramp** (Gary Thompson/Marnee Bryant)

(verse)  
I'm used to the abuse  
And the double standard  
Everything shown to me  
I'm used to the abuse!

All the lies and the hatred  
I feel you're so overrated  
Only thing for you is, to be medicated

(chorus)  
You're a vixen mixed with venom  
All dressed up in your fine linens  
You're the tramp down the street  
Singing with the band  
But, all you are is a tasty treat!  
You're a tramp!

Ride Um Cowgirl!

(verse)  
You can't put one over on me  
I'm smarter than that now baby  
All the tricks of the trade  
Won't make me become enslaved

All the lies and the hatred  
I feel you're so overrated  
Only thing for you is, to be medicated

(chorus)  
You're a vixen mixed with venom  
All dressed up in your fine linens  
You're the tramp down the street  
Thinking you're so sweet  
But, all you are is a tasty treat!  
You're a tramp!

Ride Um Cowgirl!

**Break Free** (Gary Thompson/Marnee Bryant)

(verse)  
Let's get down on the killing floor tonight!

Am I just an after thought  
Someone you just tossed away

For I am not an after thought  
I'm someone who is special

When I think of you  
Do you ever think of me

Betrayal is a lonely life  
Consumed in jealousy

For I will look beyond the shadows  
And the daylight will fulfill my dreams

And I will look to the future  
And I will succeed

Now if you can relate to me  
Sing this song with me

(chorus)  
And, break free  
Break free  
Break free

Just break free from me

**The Easy Way** (G. Thompson/M. Bryant/G. Hernandez)

Oh Yeah Baby  
Oh, Baby Yeah

Do the easy way  
I want you all night long  
Show me how to do it  
Tell me the sweet, sweet song

Do me the easy way  
Oh, easy way  
Do me the easy way, baby yeah  
Oh Yeah Baby  
Oh, Baby Yeah
