Key Of:

C: C Dm Em F G Am G7

G: G Am Bm C D Em D7

D: D Em F#m G A Bm A7

A: A Bm C#m D E F#m E7

Remember, you don't have to play all at once. Try a grouping of different chords in a key and then try another grouping from the same key. If you don't know how to play any of these chords, either look it up or just don't play it. On the other hand, if you know different voicing of these chords, play them anywhere you like.

This is about sounding good with what you have and doing it correctly. Remember to Share, Subscribe and check out my Guitar Fundamentals Playlist.
