

## What is Kamp Kiwanis

---

Kamp Kiwanis is a facility situated in a Ponderosa Pine forest in the Zuni Mountains. It's ideal for many activities such as: retreats for church groups, company retreats, family reunions, and group picnics. The camp is very suitable for Boy and Girl Scouts and other youth organizations as well as use as an outdoor classroom to teach life sciences.

Kamp Kiwanis is under the direction of the Southwest District Kiwanis Foundation. It opened in 1984 and is handicapped accessible. All walkways leading to the dormitories around the lodge are lighted.
