PRE-EMPLOYMENT URINALYSIS NOTIFICATION

The Federal Motor Carrier Safety Regulations Section 391.103 ~ pre-employment test requirements, apply to driver –applicants of this company.

391.103 Pre-employment testing requirements:

- (a) A motor carrier shall require a driver-applicant who the motor carrier intends to hire or used to be tested for the use of controlled substances as a pregualification condition.
- (b) A driver-applicant shall submit to controlled-substance testing as a prequalification condition.
- (c) Prior to collection of a urine sample under 391.107 of the subpart, a driver-applicant shall be notified that the sample will be tested for the presence of controlled substances.

As a condition of my employment, I agree to the urine sample collection and controlled substance testing.

I understand a positive test for controlled substances based on the Urinalysis Test will medically disqualify me from the operation of a commercial motor vehicle for this company.

The Medical Review Officer will maintain the results of the Urinalysis Test. Negative and positive results will be reported to the company.

My written authorization is required for the Urinalysis Test results to be given to other parties.

I have read and understand the above conditions for the Pre-Employment Urinalysis Notification.
