

Ezekiel 4:4-8 with Lev 26

Jeremiah predicts 70 years of punishment (Jer 25:11, 29:10)

Ezekiel predicts 430 years of punishment (Eze 4:4-8)

II Chr 36:21 concludes the Babylonian captivity (B.C.) is fulfillment of Jer 25

Daniel & Nehemiah agrees B.C. is the curse of Lev 26 (Dan 9:11, Neh 1:8)

Babylonian captivity started 606 BC

Jeremiah's 70 years ended 536 BC

At this time (536 BC) Israel is still rebellious so Lev 26 applies
Ezra 9:1-3, 13-14, Neh 13 esp vs 17-18, Mal 2:2

7 times punishment for the *remaining* 360 years = 2520 years

Convert to our years = 2483 years, 284 days

Add 1 year because there was no year 0 = 1948 AD
