# COMMERCIAL INSURANCE

**Commercial insurance is crucial for protecting businesses from financial losses caused by unexpected events, such as property damage, legal claims, or natural disasters.**

*There are various strategies for managing your risk, and we can support you in every aspect. The most common approach is transferring your risk to an insurance provider, which helps your business minimize disruptions and maintain continuity.*

*A well-rounded insurance program serves as more than just a safety net—it offers proactive protection and stability.*

*Additionally, our comprehensive approach includes evaluating and optimizing your coverage to ensure it aligns with your specific needs and growth objectives.*

# ECONO SOLUTIONS

Health insurance is a plan that covers medical expenses, helping individuals pay for healthcare services like doctor visits, hospital stays, and prescription medications. It typically involves monthly premiums, and may also include deductibles, co-pays, and coinsurance.

Global medical insurance provides health coverage for individuals living or traveling internationally. It typically covers medical expenses, including hospital visits, surgeries, and sometimes emergency evacuations, across multiple countries. This insurance is ideal for expatriates, long-term travelers, or those living abroad.

## Life AD&D

Group Life  
Accidental Death &  
Dismemberment

Life and AD&D (Accidental Death & Dismemberment) insurance provides financial protection. Life insurance pays a benefit upon death, while AD&D offers additional coverage if the death or injury is due to an accident, including loss of limbs or certain functions like eyesight.

Short-Term Disability (STD) insurance provides income replacement for a limited period, typically a few months, if you're unable to work due to illness or injury. Long-Term Disability (LTD) insurance covers extended periods, usually starting after STD ends, and can last for years or until retirement.
