

## **KARA MAXWELL-BICKFORD**

Vice President of Operations | Global  
Scaffolding & Insulation, LLC  
Scout Industrial Maintenance, LLC University of Missouri-Kansas City  
Tulsa, Oklahoma, United States

At **Global Scaffolding & Insulation (GSI)**, we're proud to be a locally owned, Native American–operated small business based in Tulsa, Oklahoma, serving regions all across the United States. We built our company on one simple promise: **Safety comes before everything else**. With more than 50 years of combined experience in the scaffold industry, we know what it takes to get the job done right—and to make the process as smooth and stress-free as possible for our customers.

Being a small business means we can be flexible. We listen, we adapt, and we're right there with you from start to finish. Our large inventory means we can get you what you need fast, so your project keeps moving without costly delays. We work hard to keep our pricing competitive, and we're always looking for ways to save you money without cutting corners.

We pride ourselves on building strong, lasting relationships—because when our customers succeed, we all succeed. At GSI, you're not just another job—you're a partner, and we're committed to earning your trust by meeting deadlines, delivering quality work, and showing up for you every step of the way.

*Scout Industrial Maintenance empowers the construction industry with operational expertise and strategic oversight under my leadership as Vice President Operations. With a focus on optimizing processes, the team has created scalable solutions that enhance efficiency and deliver measurable results.*

*Over seven years of experience in operations and business development within construction have shaped a commitment to innovation and collaboration.*

**Global**  
**Scaffolding & Insulation LLC**

*By leveraging skills in management, sales, and organizational development, our efforts drive sustainable growth and client success across diverse projects.*
