

**RICH RIVER ASPHALT QUALITY MANAGEMENT SYSTEM**

Rich River Asphalt is an Independent asphalt manufacturer and Spray Seal contractor servicing northern Victoria and southern NSW. Our bituminous products are manufactured with materials sourced by local suppliers. Rich River Asphalt aims to provide local businesses and authorities with a range of quality Asphalt and bituminous products. Our company provides contracting services to State and Local Government authorities, Developers and Contractors within the local region.

The objective of our quality policy is to satisfy the requirements of our customers and the marketplace by consistently and predictably providing products and services that conform to relevant specifications, codes, Australian Standards, supply agreements and contractual requirements in a timely manner.

Our company focuses strongly on our customer's needs. We pride ourselves on excellence in the manufacturing of Asphalt and bituminous products. Our company has a commitment to continuous improvement so our product consistently meets the needs of our customers and compliance with all relevant regulations and requirements.

To meet this objective we operate a certified Integrated Management System (IMS) complying with the requirements of the Quality Management International Standard AS/NZS ISO 9001:2015

The company managing directors are responsible for establishing and overseeing Rich River Asphalts commitment to manage Quality Control in accordance with the Quality Policies and for monitoring the performance of the company with respect to the policies implementation.
