

Printing and preparing your 11" x 17" poster

Step 1: Print the 3-page PDF to a color printer.

Step 2: Trim the white strip away from the right side of part 1.

Step 3: Place part 1 on top of part 2 and align. Use a book to hold the parts in place while you put small pieces of transparent tape at the top and bottom of the poster. Flip the poster over to complete taping.

Use the green circle (to the right of each letter) to check off when the child can effectively name that letter, sound out that letter, and associate the initial sound of a familiar image that begins with that letter. Celebrate mastery when the child reaches milestones of 5, 10, 15, 20 and 26 letters!
