# Habari's Educational Helps
OPEN-ENDED QUESTIONS
For Early Learners

**Open-ended questions can be answered in many ways.
Here are just a few examples to try.**

What did/do you see happening?

What do you think will happen next?

What do you notice about _____?

What do you think caused _____?

What would happen if _____?

What did/do you like best about _____?

How could he/she/it _____?

How did that happen?

How do you know?

Tell me about _____?

Why do you think _____?

Why did you choose _____?

Why did you choose to _____?

When did you notice _____?

Where do you want to _____?

(Note: closed-ended questions only require "yes" or "no" answers and can be used for younger children.)
