## Pile W Fleece Sweater \$209

COLOR: LIGHT GREY

AVAILABLE SIZES: XS, XS, S, M, L, XL

Designed to be the cosiest, chunkiest fleece midlayer in the world, we went all out and made this with an insane 380gsm 100% polyester pile. And with a chimney style collar and quarter zip, heat regulation is no trouble. And just as an added bonus, we gave it elasticated cuffs, a large zippered hand warmer pocket in front, and a drawstring hem to keep the wind out.

### All Mountain & Insulated

Purpose-built for skiing and snowboarding. Medium-weight insulation for perfect balance between warmth and performance (40gsm all over).

## Notorious B.I.B W \$209

COLOR: PINK

AVAILABLE SIZES: XXS, XS, S, M, L, XL

It's a head turner and a piste burner, equipped with the latest tech to keep you warm and comfortable all day long. With super slick slouchy style that oozes steeze, and waterproofing that'd put a walrus to shame, the Notorious bib is a ride-everything, all-mountain slayer. And with an insanely comfortable relaxed fit and dropped crotch, unbeatable durability, and lots of storage, we wouldn't blame you if you never took it off.

### All Mountain & Insulated

Purpose-built for skiing and snowboarding, and packed with the features and tech you'll need for a day on the mountain. Medium-weight insulation for perfect balance between warmth and performance (40gsm all over).

## Annok W \$199

COLOR: INK

AVAILABLE SIZES: XXS, XS, S, M, L, XL

Dope's very own signature style, the Annok stays in the range to reign supreme over all other anoraks. We gave it waterproofing and breathability to tackle everything the mountain has on offer, and lots of slick little details like our contrast drawstrings and triple pocket system. Which makes the Annok one serious street-style inspired anorak that's ready to slash everything from the park to the pow, and look awesome doing it.

### All Mountain & Insulated

Purpose-built for skiing and snowboarding, and packed with the features and tech you'll need for a day on the mountain. Medium-weight insulation for perfect balance between warmth and performance (40gsm all over).

## Ace Snowboard Mitt \$65

**COLOR: Faded Violet**

**AVAILABLE SIZES: XS, S, M, L, XL**

We made them with the awesome Dope HI-TEX fabric, which boasts a stellar 15k/15k waterproofing and breathability rating! We upgraded them with a neoprene cuff and a cosy fleece lining for strength and warmth, and a rugged polyurethane palm for abrasion and moisture resistance. And for extra breathability, we ditched the plastic membrane here, so say goodbye to sweaty hands! All this makes the Ace one card you definitely want to have up your sleeve for your next trip. Especially when you consider that they also have a non-slip palm print, too.

OTHER COLORS: PINK, FADED GREEN, GOLD, BLACK, WHITE

## Chunky Beanie \$29

**COLOR: GREY MELANGE**

**ONE SIZE FITS ALL**

Cosy, warm, and super stretchy, Dope beanies have been lovingly designed to provide amazing all-day comfort.

OTHER COLORS: FADED VIOLET, WHITE, BLACK, FADED YELLOW, CORAL, FADED GREEN, PEACH

## Ace Ski Gloves \$65

**COLOR: PINK**

**AVAILABLE SIZES: XS, S, M, L**

We made them with Dope HI-TEX fabric, which has an awesome 15k/15k waterproofing and breathability rating! Then, we went one step further and gave them a neoprene cuff for warmth and durability, a cosy fleece lining and a super strong polyurethane palm for both abrasion and water resistance. And for breathability, we skipped the plastic membrane to make sure your hands never get sweaty again! All in all, these gloves are perfect for long days on the mountain. And they're made even better with a non-slip palm print, ideal for slippery button lifts, and touch-screen compatible fingertips.

OTHER COLORS: FADED VIOLET, WHITE, BLACK, GREY, CORAL, FADED GREEN

### Anon Merak WaveCel Helmet + Relapse MFI Goggles \$450

**COLOR: BLUSH AVAILABLE SIZES: S, M, L, XL**

The Hybrid outer shell combines hard shell and in-molded constructions to give you excellent impact resistance and ding protection. The Merak incorporates WaveCel technology inside the foam, which protects from different impact angles while also decreasing weight and increasing breathability. The Merak also gives you adjustable vents, a magnetic buckle, and a streamlined freeride design.

### Anon Omega MIPS Helmet + Sync Goggles \$350

**COLOR: PINK AVAILABLE SIZES: S, M, L**

The Anon Omega MIPS Helmet is a magical blend of both, with a carefully crafted in-mold shell construction that combines with MIPS slip-plane technology for supreme impact resistance. Meanwhile, the Omega MIPS Helmet's sleek, unique style is sure to turn heads in the lift line! Active Ventilation – Control your helmet climate with the one-handed convenience of active venting.

### Anon Windham WaveCel Helmet + Relapse MFI Goggles \$299

**COLOR: GREY AVAILABLE SIZES: S, M, L, XL**

The Anon Windham WaveCel Helmet combines the reliable durability of a hardshell helmet with the lightweight, space-age goodness of WaveCel construction. By incorporating 3D structured WaveCel into the protective EPS foam of the helmet, Anon is able to increase the helmet's effectiveness against direct and rotational impacts, all while reducing weight and aiding breathability.

### BlackStrap The Hood Balaclava \$35
