Double Hung

	Min	Max
Width	16"	54"
Height	24"	90"
U I	42"	128"

*U I Triple-Glazed Max 114

- ▶ Four layers of weatherstrip in the head of window to prevent air from entering or exiting. Over 30 feet of weatherstrip on an average window.
- ▶ Warm edge spacer seals the glass for superior gas retention, minimal temperature transfer and lifetime warranty against seal failure.
- ▶ Double strength Low-E glass for safety, UV protection, comfort and energy savings.
- ▶ Optional lifetime glass warranty.
- ▶ Non-metal Innergy™ reinforcement in interlocks provide added strength for security locks and keepers without sacrificing thermal performance.

- ▶ Extruded miter cut screen frame fits in screen track for easy removal or optional FlexScreen.
- ▶ Three seals at sill: Q-Lon, magnetized (like a refrigerator door), and two fin seal weatherstrips.
- ▶ Injected (not slide-in) foam for extra insulation and sound reduction.
- ▶ Open EZ Balance System for smooth operation with balance covers for a neat appearance.
- ▶ Standard sash vent to limit sash opening.
- ▶ SecureEZ locking system including integrated (non-visible) tilt latches.

- ▶ Extruded contoured lift rail for beautiful appearance and easy operation.
- ▶ Fusion welded corners for exceptional structural strength and barrier against air and water infiltration.
- ▶ Retention/security patented sloped sill for tighter seal, added security and easy cleaning.
- ▶ Optional extruded nail-fin.

Magnetized Seal at Sill

Easy Screen Removal with the Optional Flexscreen

Tilts in for Easy Cleaning

We Enthusiastically Look Forward To Your Order!

Pinnacle EnTech Insulating Glass

EnTech insulating glass units deliver the ideal energy balance of solar heat control, high visibility and fade protection. With gas filled chambers and Low-E coatings, our windows provide high levels of year-round comfort and energy savings.

	Glass Package	Pieces of Glass	Silver Layers	Gas Filler	Neat® Glass	Northern Region ENERGY STAR®	U-Value	SHGC	VT	DP
STANDARD	EnTech Pro EnTech Pro is a dual-glazed, soft coat Low-E glass unit.	2	3	Argon	Yes	Meets Standard	.27	.20	.48	50
OPTIONAL	EnTech Peak EnTech Peak is a top-of-the-line insulating glass unit. Not available in single hung or single slider.	3	5	Argon (standard) Krypton (optional)	Yes	Exceeds Standard	.17	.18	.34	50

Plus (EnTech+, EnTech Pro+ and EnTech Peak+)

Add the plus feature to any of the above glass packages to obtain additional Low-E coating on the interior. The interior piece of glass is a hard coat Low-E. This option improves the EnTech or EnTech Pro u-value between .03 and .05.

Performance numbers shown for dual glazed windows (EnTech Peak is triple-glazed) without grids. Manufacturer reserves the right to modify materials that impact ratings. ENERGY STAR criteria is based on the rigorous Northern climate zone.

*Neat® is an invisible, durable and permanent coating that helps your windows stay clean longer. It uses the sun's UV rays to loosen dirt so water can rinse it away

** Meets Northern Energy Star Standard with different option in windows. Please contact for more information.

***Results listed are for the North-Central, South-Central, and Southern regions for Energy Star. The Northern Region implements new standards. Check with your dealer for further information.

Interlock

The non-metallic reinforced interlock on the Pinnacle double hung window is designed to significantly reduce air infiltration. It also helps as a security barrier for your home. The reinforcement provides strength for long-term satisfaction of your windows.

SecureEZ Hardware

Pinnacle's patented SecureEZ Hardware system combines streamlined lock visuals with an internal slimline tilt latch, to achieve a cleaner high-end appearance and true market distinction. System allows sash to easily tilt in for cleaning with no visible tilt latches.

OpenEZ Balance System

The patented balance system which allows the sash to be easily opened and closed is mechanically integrated to match the size of each sash. This system is proven by testing and is included in the lifetime warranty.

Mold Resistant Weatherstrip

The average Pinnacle Window double hung has over 30 feet of mold resistant weatherstrip. This specially formulated weatherstrip resists and kills allergy-aggravating, microparticles of pollen, fungi, mold, mildew and bacteria. It also helps reduce outside noise and infiltration of exterior gases such as carbon monoxide.

Color Choices

Many color and laminate combinations are available. Choose from same exterior and interior solid vinyl colors, interior laminate woodgrains, interior and exterior solid color laminations, or exterior and interior paint coatings. Warranty covers both exterior and interior laminates and paints. See warranty for details. Actual colors may vary from those shown.

Exterior/Interior Vinyl Colors

Exterior/Interior Laminates

Interior Laminate Woodgrains

Jamb and casing available in same colors as windows including woodgrains. Woodgrain laminates are available only on white base for 3100 and 3300.

Exterior/Interior Paint Coatings

*Custom color matching and custom laminate colors are available for larger jobs.

Custom color matching and custom laminate colors are available for larger jobs.

Many color samples are available upon request.
