

Rabbit Hill Wool Mill

Rabbit Hill Wool Mill is located in Port Orchard WA

Minimum and maximum weight per processing batch

Sheep wool: **15lbs** incoming weight (After washing, it will weight about 40% lighter due to washing out the lanolin and the dirt.)

Other fibers:

Alpaca fleece, Angora Goat (mohair), and other exotic fibers. **10 lbs** incoming weight (It will weigh aproximately 10% lighter after washing due to removal of dirt and dust.)

Our maximum incoming weight is 450 lbs per batch. If you have more than 450 lbs needing processing, we would have to schedule that as a separate batch. Once your first batch is paid for and collected, we will start on your second batch. We can do as many batches as we need to to get though your wool.

We can blend fibers with your base fibers, You can use the fiber to be blended as part of your minimum weight.

Mill supplied blending fibers cost extra. These will not be included in the washing fee; however, there will be a \$15.00 per lb deposit on mill added blending fiber. The actual price of the blending fiber depends on the type of fiber you want blended. The deposit will be taken out of the final cost.

Please contact us for pricing on blending fiber.
