

## Only When I'm Numb

### Verse

There are moments in my life when I can barely breath  
It's not a pleasant feeling; and I'm sure it's killing me  
Used every trick in the book; as far as the eye can see

### Pre-Chorus

Things they are not so fine, but I've been here before  
I'd like to thank you for asking me, but...

### Chorus

It's only when I'm numb, that's when I start to feel  
It's only after I've killed the pain, am I able to be me

### Verse

A sad place that I know too well is, stuck right in my head  
You see order, but chaos reigns; that's just the way it is  
Just a little more therapy, is probably all I need

### Pre-Chorus

Being lonely can be hell sometimes, but there's no better place than in my head.  
I'd to thank you for asking me, because...

### Chorus

It's only when I'm numb, that's when I start to feel  
It's only after I've killed the pain, am I able to be me  
It's only when I am numb, that's when I start to feel  
It's only after I've killed the pain, am I able to be me

### Pre-Chorus

Being lonely can be hell sometimes, but there's no better place than in my head.  
Still...

### Chorus

It's only when I'm numb, that's when I start to feel  
It's only after I've killed the pain, am I able to be me  
It's only when I am numb, that's when I start to feel  
It's only after I've killed the pain, am I able to be me
