### Verse [4x]

When I was young I was so scared; when I was young I was naïve  
When I was young I was alone; only then I had no cares

### Break [2x]

### Verse [4x]

Went to school on my own; and went home with no one  
And here I sit alone again, I'm just waiting for a friend

Raining all the time  
Raining all the time  
Raining all the time  
Raining all the time

### Verse [4x]

So I'll go away I guess, without a penny or a single cent  
I've washed away my broken tears; all broke up through the years

### Chorus [4x]

Raining all the time  
Raining all the time  
Raining all the time  
Raining all the time

### Bridge [2x]

Then I felt a warning that I thought I'd never see  
I walked away from her yes, but she walked away from me

### Chorus [8x]

Raining all the time  
Raining all the time  
Raining all the time  
Raining all the time
