Acknowledgment

My profound thanks to TRACE Team with whom I have the great luxury of working.

In addition, I would like to express my immense gratitude to the (10) project managers in Jordan and abroad who participated with the online-interactive Focuses Sessions and passed the (PMP) Exam in (16) days during 2019 year.

The success stories in passing the PMI® Exams in (16) days is the key indicator which I will use in publishing the new business model in TRACE to enable the participants to pass the (PMP®), (PMI-ACP®), (PMI-PBA®) and (CAPM®) Exams in (16) days in 2020 year.

A huge Thank you to you all for your help and professional participation in TRACE Focus Sessions, you deserve a really special thank you for all your help with publishing this report at the end of year 2019.

Analytical Study

T R A C E Team used the success stories shown in the table below to measure and conclude facts showing the extent to which the consultant, engineer Nedal Dudin contributed to developing the model and methodology for preparing and passing the PMI® Exams with a short period of time not exceeding sixteen days.

The results of the analytical study show the following facts:

Evolve the tools and techniques used in the remote focus sessions, to prepare for the PMI® Exams. As the percentage of those who obtained the (PMP®) certificate by means of

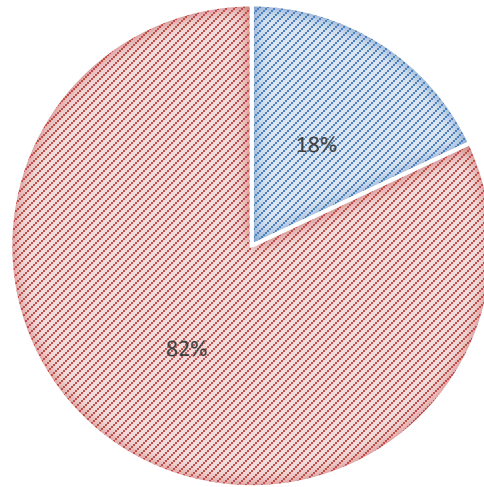

distance focus sessions technology reached (18%) in the year 2019

The evolution of the methodology in providing consultations during focus sessions clearly contributed to maintaining the period of time to pass the exams, which is only sixteen days.

The results of the analytical study coincide with the use of **T R A C E Team** for the development of technology in the field of consulting, and the results of this success are shown in the increase in the number of successful people for this year, where every week a single success case was observed.
