My profound thanks to Team T R A C E with whom I have the great luxury of working.

In addition, I would like to express my immense gratitude to the (15) project managers in Jordan and abroad who participated in the online-interactive focuses sessions and passed the [(CAPM®), (PMP®), (PMI-ACP®) and (PMI-PBA®)] Exams in (16) days during the 2023 year.

The success stories in passing the PMI® Exams in (16) days are the key indicator that I will use in publishing the new business model in T R A C E to enable the participants to pass the (PMP®), (PMI-ACP®), (PMI-PBA®) and (CAPM®) Exams in (10) days in the 1st quarter of the 2024 year.

VDO Director at T R A C E Consulting Ltd.

Analytical Study

T R A C E used the success stories shown in the table below to measure and conclude facts showing the extent to which the consultant, engineer Nedal Dudin contributed to developing the model and methodology for preparing and passing the PMI® Exams within a short period not exceeding sixteen days.

The results of the analytical study show the following facts:

Evolve the tools and techniques used in the remote focus sessions, to prepare for the (PMI®) Exams. The percentage of those who obtained the (PMP®) certificate and the (PMI-ACP®) using

distance focus sessions technology reached (100%) in the year 2023.

The evolution of the methodology in providing consultations during focus sessions contributed to maintaining the period to pass the exams, which is only sixteen days.

The results of the analytical study coincide with the use of **T R A C E** for the development of technology in the field of consulting, and the results of this success are shown in the increase in the number of successful people for this year, where every week a single success case was observed.
