Acknowledgement

Dear Team T R A C E,

I hope this message finds you well. I wanted to take a moment to extend my profound thanks to each and every one of you. Working alongside Team T R A C E has been an absolute privilege, and I am continuously inspired by your dedication and expertise.

Additionally, I am thrilled to express my immense gratitude to the (15) professionals who participated in our online interactive focus sessions and successfully passed their exams during the first quarter of 2024. Their commitment to excellence and determination to succeed are truly commendable.

The success stories of passing their exams in (16) days serve as significant milestones for us. They are key indicators that we can leverage in publishing our new business model within T R A C E. Our goal is to empower participants to achieve similar success, aiming for exam completion in just (10) days during the second quarter of 2024.

As we continue to evolve and innovate within T R A C E Consulting Ltd., I am confident that together, we will achieve even greater heights.

Warm regards,

Consultant Engineer, Nedal Dudin
Founder, T R A C E Consulting Ltd.

Analytical Study

T R A C E used the success stories shown in the tables below to measure and conclude facts showing the extent to which the Consultant Engineer, Nedal Dudin contributed to developing the model and methodology for preparing and passing the mentioned exams within a short period not exceeding sixteen days.

The results of the analytical study show the following facts:

Evolve the tools and techniques used in the remote focus sessions, to prepare for the (PMI®, ISACA®, Axelos®, and CXAC™) Exams. The percentage of those who obtained the (PMP®), (PMI-ACP®) (PMI-RMP®), (PMI-PBA®), (CAPM®),

(COBIT-19®), and (CXAC™) certifications using distance focus sessions technology reached (100%) in the first quarter year 2024.

The evolution of the methodology in providing consultations during focus sessions contributed to maintaining the period to pass the exams, which is only sixteen days.

The results of the analytical study coincide with the use of **T R A C E** for the development of technology in the field of consulting, and the results of this success are shown in the increase in the number of successful people for this year, where every week a single success case was observed.
