

**EACON**, a leading Brussels-based public affairs and EU funding advisory, brings over **20 years of close cooperation with EU institutions** and extensive experience in project development. We specialise in the delivery of **high-impact EU-funded projects** across security, democracy, societal resilience, as well as health, agri-food, EU Missions, Twinning, and EIC Accelerator calls.

We work with experienced coordinators and high-level partners to strengthen their competitive edge, increase proposal success rates, and maximise project impact.

We are approaching you with a **proposal for cooperation** to maximise success in the **Horizon Europe arena during 2026–2027**. We would like to offer the following services:

1. **Analysis of your strengths and interests**, and creation of partner profiles for each team;
2. **Identification of suitable calls** across EU programmes, and **consortium creation**;
3. **Training of your team** in proposal writing, consortium creation, and project implementation;
4. **Full proposal writing services** for RIA, IA, EIC Accelerator, and Twinning actions.

Our pricing ensures one of the **highest cost-to-impact ratios in the industry**:

1. For the **analysis of strengths and interests** and creation of partner profiles, we charge a **€600 daily fee** for senior experts; typically **1–2 senior expert days per profile**;
2. For **identification of suitable calls** and **consortium creation**, we charge a **€600 daily fee** for senior experts; this task typically requires **2–3 expert days**;
3. For **training of your team** in proposal writing and project implementation, we charge a **€2,000 daily fee** (online), or **on-site training** plus accommodation (2 days in a 4-star hotel) and return airfare for one senior expert;
4. For **full proposal writing services** (RIA, IA, EIC Accelerator, and Twinning), the **end-to-end process**, including support to the coordinator and partners, starts at **€5,000**. Depending on the call, consortium requirements, and work plan, the number of expert days is agreed in advance. Typically, the full end-to-end process costs around **€20,000**. *The consortium leader may choose a pricing model that splits costs among all partners.*

EACON provides **end-to-end support throughout the proposal development process** and, where appropriate, **project management and implementation support**, including dissemination, exploitation, and communication (DEC) lead partner roles, to maximise project impact.

We are a **trusted advisor to over 100 leaders** in the EU funding arena, across the EU, the USA, Canada, the Mediterranean region, and the Balkans. **More than 10,000 participants** from leading EU organisations have evaluated our trainings and services with the highest marks.

A **selected portfolio of 2026–2027 calls** aligned with this positioning is presented below.

CL	Call identification	Call name (short)	Action	Expected deadline	Total budget (€m)	Budget / project (€m)
EIC	HORIZON-EIC-2026-ACCELERATOROPEN-01	EIC Accelerator Open (continuous cut-offs)	Blended finance / Grant-only	Continuous (2026)	WP envelope	0.5–2.5 (grant) + equity
EIC	HORIZON-EIC-2026-ACCELERATORCHALLENGES-01	EIC Accelerator Challenges	Blended finance / Grant-only	Continuous (2026)	WP envelope	0.5–2.5 (grant) + equity
