

Usage Area: On plastered surfaces

Directions for Use:
Surface Preparation: For fresh/new surfaces - Sand the surface with emery paper 80 and wipe clean • Apply the first coat of primer and allow it to dry for 6 to 8 hours • Absolutely smoothen the surface by applying thin coats of putty to fill in all the dents • Allow the putty to dry overnight • Sand the surface with emery paper 100 and wipe clean • Apply the second coat of primer and allow it to dry for 6 to 8 hours • Sand the surface with emery paper 220 and wipe clean
For Previously Painted Surfaces: Strip all the old paint and remove all the loose particles before starting the above process
Directions for Application: Dilute the paint as per the recommended dilution ratio • Apply the first finishing coat and allow it to dry for at least 6 to 8 hours • After the first coat dries, apply the second coat and allow it to dry overnight
Dilution Ratio: For brush application - 400ml of water per 1ltr of emulsion
Note: In case of N base, silver base and gold base no dilution is advised to ensure proper colour depth. In case of gold base, base coat to be done with Silk Glamor Yellow in case of silver base, base coat to be done with Silk Glamor White.
Recommended Undercoats:
Primers: For walls or plastered surfaces - BP Cement Primer W/T, Alkali resistant
Putty: For walls or plastered surfaces - Bison Wall Putty/Happy Wall Putty
Recommended Thinner: Potable water
