TRUE SHADES NEVER FADE

Product Description

India's most innovative exterior paint designed with PU & Silicon technology comes with a 10 year performance warranty*. The product is designed for heavy rainfall areas and provides excellent protection against extreme rain, fungus and algae growth on exterior walls. PU provides excellent film strength and unmatched sheen to the paint film. It also has excellent Dust Pick Up Resistance (DPUR) that resists dust from settling on the walls.

*Terms & conditions apply. For details please refer to the WeatherCoat Long Life warranty manual.

RECOMMENDED PAINTING SYSTEM

Surface Inspection – Before painting the exterior walls, undertake repairs of any surface imperfections - cracks, leakages, undulations and rusts from drainage pipes.

Scraping – Remove all loose paint, dirt, fungus, algae, moss and salt deposits alternatively by wire brushing the surface.

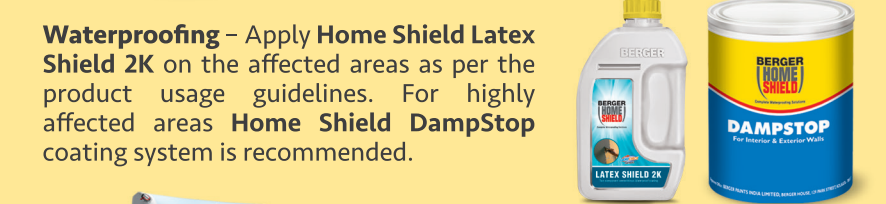

Berger Recommended Tool : Express Painting Sander with Paint Scraper attachment.

Surface Cleaning – If required apply Bio-wash to prevent fungal/algae/mold growth. Wash the scraped surface thoroughly and allow it to dry.

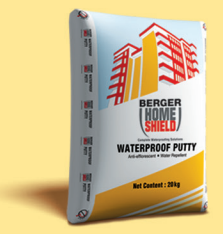

Berger Recommended Tool : Express Painting Jet Washer

Crack Bridging – For filling cracks upto 5mm use **Home Shield Crack Fill Paste**. For wider cracks use **Home Shield Advance Latex Plus** as per the product usage guidelines.

Waterproofing – Apply **Home Shield Latex Shield 2K** on the affected areas as per the product usage guidelines. For highly affected areas **Home Shield DampStop** coating system is recommended.

Putty Application – Apply 2 coats of **Home Shield Waterproof Putty** with 4-6 hrs of drying time.

Primer Coat – Apply 1 coat of **Seal-O-Prime**, an alkali resistant primer with sealing and priming properties. Allow 4-6 hours of drying time.

Topcoat – Apply 2-3 coats of **WeatherCoat Long Life** as finishing coat with a drying time of 6-8 hours after each coat with recommended dilution ratio.

Berger Recommended Tools : Express Painting Airless Spray or WeatherCoat Exterior Roller.

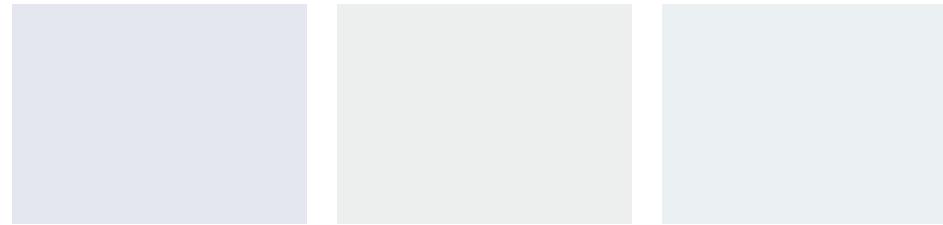

Maintenance Steps : For the best performance of the paint, ensure proper washing and cleaning of the surface at regular intervals of six months.

		Dilution** with Water (% by Volume)	Recoating Period	No. of Coats*
Putty	Home Shield Waterproof Putty	40%	4-6 Hrs	2
Primer	Seal-O-Prime	100%	4-6 Hrs	1
Topcoat	WeatherCoat Long Life	40%	6-8 Hrs	2-3

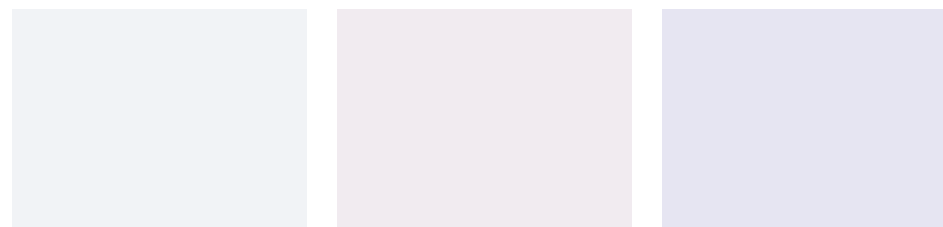

* Application by Brush, Roller and Spray.

** Dilution % will vary depending on the Emulsion Bases used. Read product usage guidelines on emulsion cans.
