We like your style and you're a very effective presenter, Whitney. Your presentation got me thinking about money with a values lens and how we can use it as a tool. I've reflected differently about how I'm aligning my own values with how I view or previously have viewed my intentionality in finance. Really interesting! - **Ashley T., Latitude Group, Minneapolis**

Whitney is a great speaker, mentor, money mindset coach, and financial advisor! I really enjoyed her Align Your Money workshop and learned a lot I could immediately implement into my life. She goes into so much more than just budget and investments with her clients, and that is what makes her so successful. She truly cares about her clients' values, faith, goals, and dreams and helps them clarify their vision for their life, set goals that will get them there, and then stay on track to reach those goals. And she does it all in a very kind and non judgmental way, especially if you aren't where you feel you "should" be at a particular stage in life. As a bonus, she attracts amazing clients, so all her workshops and events double as great networking events! ~ **Annie D., Business Owner, Minneapolis**

...this morning was so emotional and moving. I had no idea I would cry so much in a theoretical conversation about money. ~ **Clare V.**

SO inspired by your talk today at Wild Rice Retreat! Talking about women and money is IMPORTANT! ~ **Jennifer E.**

I've had the pleasure of hearing Whitney speak on a few occasions. I appreciate her ability to build connection, humanize the difficulty of making healthy financial habits, and speak with expertise without talking at you. Her energy is fun and warm, and she has the presence to captivate any audience. ~ **Tatiana F.**
