

A Warm Welcome

We are a small family run business for over 34 years, providing luxury weekly resort accommodations and making dreams come true at discounted rates.

Vacations are necessary and important in every way, which is why we act like every vacation we book is for us or one of our family members. Our beautiful resorts become your home for the week, whether you are booking multiple units for family reunions, multiple weeks for longer stays, or just one week, we strive to ensure you have the best vacation experience ever. Regardless if you are staying in a \$1,000 or \$4,000 a week resort stay, we want your 5-Star reviews knowing we are the type of business that's honest about the accommodations.

Most of our clients have booked with us before and are returning for another memorable vacation, so "Mahalo"!

Remember, if you do not see the location you want, just ask. We have so many great destinations to choose from everywhere throughout the USA, Mexico and the Caribbean.

Let us be the first to say, welcome to the Kauai-Weeks family...We look forward to helping you with your next dream vacation and thank you for booking with our family business.
