Expanding Solutions Suited for Work Types - T

We suggest the workstation that one can change and compose freely. T Series consist of eco-friendly materials, simple design and various storages, which allow users to plan layouts for their specific and professional jobs and work types.

The product helps users to simultaneously contend with multiple situations, such as collaboration and focus-oriented tasks, and completes the new optimal workspace suited for the nature of the work.

PLAN FOR WORK STATION

PLAN FOR CREATIVE WORK

This product is suitable for occupations that require individual work time and creative results while dealing with teamwork. By actively applying items in addition to desks, the individual workstation is emphasized to help increasing users' work efficiency.

Recommended Occupations

Architect, Designer, and Programmer

PLAN FOR FOCUSED WORK

The occupations that require extensive individual work and a long time of attendance shall respond flexibly to work situations, such as immersion and simple meetings. It is ideal to organize open arrangements in order to keep mutual distance but be able to communicate.

Recommended Occupations

Planning, Marketing, and Office Work

PLAN FOR MOBILE WORK

For the occupations that spend most of the time outside, it is important to cope with different work patterns from indoor jobs and frequent communication situations for their workstation. The product based on the simple arrangement for mobility and autonomy focuses on increasing work efficiency.

Recommended Occupations

Sales, Distribution, and Production

PLAN FOR CREATIVE WORK

For the occupations that require one to share office space but consist of intensive focus-oriented work, the independence-focused space shall be prioritized for protection. Privacy and immersion as occupational characteristics must be secured by applying the counter-type or independence type arrangements suitable for the space size. With screens and individual storages, it is possible to naturally prevent additional visual and auditory distractions and create a working environment for focusing on work individually.

Recommended Occupations
