Warranty

MRCOOL® 12k DIY 5th Generation Mini-split Air Handler & Condenser 115v
DIY-12-HP-WM-115D25-O

The MRCOOL 5th Generation 12k BTU DIY Mini Split (115V/230V) is a high-efficiency (up to 23.5 SEER2) ductless heat pump designed for easy, tool-free installation in spaces up to 550 sq ft. It features eco-friendly R-454B refrigerant, smartphone app control

(Alexa/Google Assistant), and a DIYPRO armored cable. Key benefits include 7-year compressor/5-year parts warranty, Gold Fin coating for corrosion resistance, and "Follow Me" temperature tracking.

Key Features of the 5th Gen 12k DIY System:

- Eco-Friendly R-454B Refrigerant: Uses the latest A2L refrigerant, reducing environmental impact and improving efficiency.
- Simple DIY Installation: Features the patented, pre-charged Quick Connect® line set, requiring no specialized HVAC tools or vacuuming.
- Enhanced Durability & Security: The new DIYPRO cable provides improved protection against elements and pets without requiring conduit.
- High-Efficiency Heating & Cooling: Offers up to 23.5 SEER2, providing energy-efficient climate control, even in low-ambient conditions.
- Smart Control & Functionality:
 - App & Voice Control: Fully compatible with the SmartHVAC app (Android/Apple), Amazon Alexa, and Google Assistant.
 - Follow Me Function: The remote acts as a temperature sensor to ensure the desired temperature is reached where you are.
 - Leakage Detection: An alarm sounds if the system detects a loss of refrigerant.
 - Louver Position Memory: The horizontal louver returns to its last setting upon turning the unit back on.
- Gold Fin® Condenser: Enhances the longevity of the outdoor unit by providing superior corrosion resistance.
- Warranty: 7-year compressor warranty and 5-year parts warranty.
