Specs

	EasyPro 5th Generation 12k BTU 115V System
Model #	EZPRO-12-HP-11516D-0
Air handler dimensions (in) WxDxH	31.57 x 7.87 x 11.61
SEER 2 rating (cooling)	19.5
HSPF2-4 (heating)	9.3
BTU/h (cooling)	12000
BTU/h (heating)	12000
Optimal Coverage:	500-550 sq ft.

Warranty

EasyPro 5th Generation
12k BTU 115V System

EZPRO-12-HP-11516D-0

The MRCOOL Easy Pro 12k BTU (5th Gen) is a DIY-friendly, 19.5 SEER2 ductless heat pump designed for easy installation, featuring pre-charged, quick-connect lines. It efficiently heats and cools roughly 500-550 sq. ft., utilizing eco-friendly R-454B refrigerant, Wi-Fi smart controls (Alexa/Google), and a low-ambient cooling capability.

Key Highlights of the MRCOOL Easy Pro 12k:

- True DIY Installation: Includes a 16-foot pre-charged Quick Connect® line set, eliminating the need for professional HVAC tools, vacuuming, or charging.
- Performance: Features a 19.5 SEER2 rating and 9.3 HSPF2 for efficient, year-round, 12,000 BTU cooling and heating.
- Eco-Friendly & Modern: Uses modern R-454B refrigerant, which has a lower global warming potential.
- Smart Controls: Compatible with the SmartHVAC app, Amazon Alexa, and Google Assistant for smartphone and voice control.
- Low Ambient Cooling: Capable of cooling in outdoor temperatures as low as 5°F, making it suitable for server rooms or greenhouses.
- Durable & Quiet: Features Gold Fin® corrosion-resistant condenser coating for longevity in coastal or humid areas, with quiet operation as low as 17.5 dB(A).
- Convenience Features: Includes "Follow Me" (temperature tracking), auto-restart, sleep mode, and leak detection.
- Voltage: Operates on 115V (standard household voltage), making it easier to power than 230V units.
- Warranty: Features a 1-year parts and 2-year compressor warranty.
