DESCRIPTION OF EVENTS

Thursday Student Social and Group Dinner

Join fellow IISE members from the Southeast region as students meet at Starkville's very own Central Station Grill.

Welcome Breakfast Social

Kicking off the first full conference day, attendees will meet at the Bost Conference Center for breakfast, and announcements about the conference schedule and logistics will also be shared.

Plant Tours

Attendees will get the chance to tour various local facilities: CAVS and Athlete Engineering, or Raspet Flight Center.

Friday Lunch with Seminar and Keynote

Join us for lunch with a seminar from Mr. Joe Beard III, a project and area industrial engineer with Michelin. Following lunch will be our conference keynote speech, presented by Dr. John Behrends — Project Engineer with Fedex at the Memphis World Hub.

Career Readiness Workshops and Career Networking

Several companies will be participating in our career workshops and networking events which will allow attendees to hear from industry professionals as well as network with all the panelists.

Saturday Professional Seminars

Starting off the last day of the conference, attendees will be provided breakfast and refreshments while also hearing from two industry professionals from Ingalls Shipbuilding.

Formal Lunch

The final session of the 2024 SE IISE Regional Conference will include a formal lunch to wrap up the day's events. This will be a great opportunity to further network and reflect on the seminars and panels.
