

75 years of experience in developing the highest quality lubricants for the food processing and beverage industries has taught us that safety and service are the best ways to add nourishment to your bottom line.

Klüber's products are designed to meet H1/H2 regulations, integrate with HACCP and GMP programs, and exceed your performance expectations.

Our lubricants offer increased uptime, decreased usage, and the peace of mind of knowing that Klüber lubricants won't let you down. Fact is, Klüber lubricants simply do more.

If you'd like to review our extensive menu of food-grade lubricant solutions, please call us at 877-255-8237. Or visit [www.kluberfood.com](http://www.kluberfood.com).

**We lubricate** the food chain.
