This architectural rendering depicts a modern urban sports plaza. In the foreground, a large, white, curved sculpture with blue hexagonal patterns stands on the left. To its right, a basketball court is visible, featuring a black hoop and backboard. A tall, colorful, cylindrical sculpture with red, yellow, and green segments is positioned on the right. The plaza is paved with a grid pattern of red and grey lines. In the background, there are several white, angular buildings, a parking lot with cars, and a clear blue sky with a few clouds. Two people are sitting on a white bench in the foreground, and others are playing basketball on the court.

Canvas

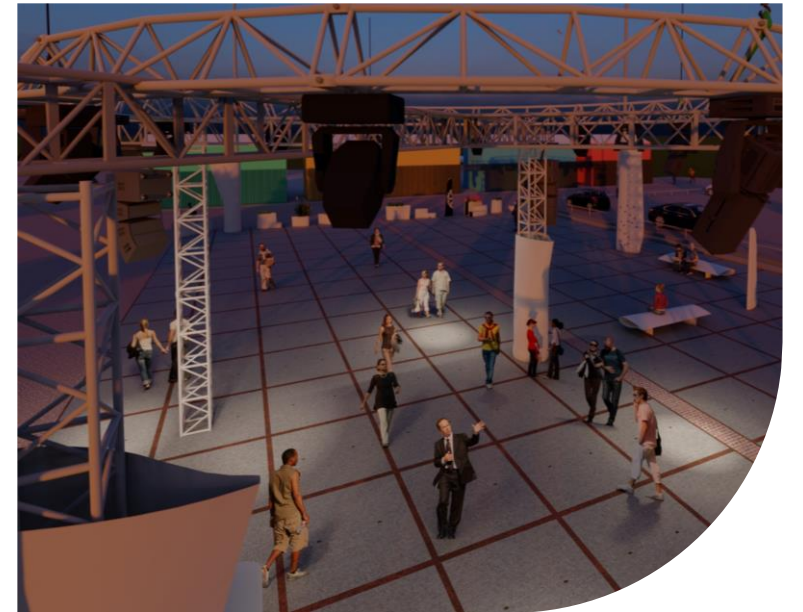

- _ Oogst veilig stellen en inkopen.
- _ Objecten uitwerken icm offertes opvragen om haalbaarheid te controleren.
- _ Afstemmen met festivals welke trussen handig zijn en waar ze moeten komen.
- _ Posities objecten afstemmen met 3X3 Unites, NDSM-werf, gemeente en andere stakeholders.
- _ Mogelijkheden voor (extra) funding checken, kansen via Pioneer of the Year netwerk.
