Open Air Farmers Markets

Farmers markets vary in size and always reflect a region's agriculture and seasons. Some markets are seasonal and comprised of a small number of vendors, while others involve hundreds of vendors and take place year-round. It is a source of pride to farmers and market shoppers alike that the products available at farmers markets represent the agriculture of a region or state. Visit the market website to see hours of operation.

Farms & Roadside Market Stands

These charming vendors offer small market spaces along the roadside or hosted at their farm location. These can be amazing opportunities to choose produce directly from the production source, learn the inner workings of the land and often to meet local farmers. Visit the vendor websites to see hours of operation.
