

Sheldon Juell, Ph.D.

Director of Operations

Sheldon, as the Director of Operations for the Door of Hope Counselling Clinic, is happy to serve, support, encourage, and assist our clients with any questions they may have. He schedules appointments, processes payments, manages the day-to-day administrative tasks, and oversees the Clinic website and the Door of Hope Counselling Clinic Facebook page.

He believes that all people are created in the image of God and as such have immeasurable worth and value. He believes that we are all connected with God and it is through this connection that we find healthy love, healing and wholeness to the broken areas of our lives, which leads to personal freedom and restoration in our relationships with others.

Sheldon has worked for many years in senior management as an administrator in various colleges and Universities. He has written and taught over twelve (12) theology and missions courses in a national (Canada) and international (USA, Brazil) classroom setting. While enrolled in the Master of Divinity program at Oral Roberts University in Tulsa, Oklahoma, he minored in Substance Abuse Counselling.

In his spare time, he enjoys spending time with his wife Ivone, creating memories, reading books, going for walks, fellowshiping with others, playing games, and simply taking time to smell the roses.
