

2024 U.S. KIDS GOLF LEARNING CAMPS

U.S. Kids Golf has developed a kid-friendly learning program. The learning program booklets are used by PGA Professionals throughout the country and internationally. It features levels of learning, each one progressively building on the other. Skills and correct forms are taught in **putting, chipping, pitching, bunkers, and full swing**. A **playing ability test** is included, along with sections on rules and etiquette. Incentive pins are earned and progress can be measured. Once each level is completed, the young golfers move on to the next level. Kids, their parents and their golf instructor all work from the same point of reference.
