Creatively designed and delicately sewn, Madibu's aquatic collections are hand-made with eco-friendly fabric and materials. Our collections may not be promised for the next launch, but you can be rest assured that each bathing suit is uniquely made for you.

Each person's body is uniquely different and beautiful in their own ways and Madibu dedicates to highlighting and making each person feel comfortable fitting into their piece. This size chart consists of the main measurements for sizes available. Please send any inquiries or questions regarding sizing to [info@madibuswim.com](mailto:info@madibuswim.com) as we are a small hand-made business and we hope to expand different sizing in the near future of Madibu Swim.

Micro Top	All A cups 30-32	A-C cups 32	B-C cups 34-36C	B-C cups 36-38	D cups-DD 38-40
Basic Top	AA-A 30-34	B-C cups 32-34	B-C 36-38	D-cups 38	DD/E 38-40

**Micro Tops:** Our Micro tops are made with less elastic and more with VERY thin and stretchy straps. Our micro tops are MADE to be less for hold and more lightweight for the look of a micro top, with this being said..... This is a very thin and less coverage top. Please as this is coming from me ( i have 32C-D) I love this top but I will not run or surf in it. This is made to feel like you're naked and it gives such a sleek classy look to pair with anything for vacation.

**Basic Top:** Our Basic tops are made with thicker fabric and elastic to HOLD. This top feels super soft and heavy (in a nice way) For my girls that are looking for a triangle top to hold the girls this is it. You will not have a nip slip and please size up if you are unsure because this top scrunches so you can always make it smaller:)
