					Updated Sept. 22, 2021
Name:			Date:	Time:	
1. Do you have any of the following new or worsening symptoms or signs?					
Yes No	Yes No	Yes No	Yes No	Yes No	Yes No
			×		Zzz
Fever or chills	Cough	Trouble breathing	Decrease or loss of taste or smell	Nausea, vomiting or diarrhea (age <18 only)	Very tired, sore muscles or joints <sup>*</sup> (age 18+ only)
If you have an existing health condition that gives you the symptoms, select " <b>No</b> ," unless the symptom is new, different or getting worse.					
<sup>*</sup> If mild tiredness, sore muscles or joints occur within 48 hours after getting a COVID-19 vaccine, select " <b>No</b> " and continue to follow all public health measures. If symptoms last longer than 48 hours or worsen, select " <b>Yes</b> ".					
If "YES" to any symptom		home f-isolate	Get tested		ntact a health e provider
<ul> <li>2. Does anyone in your household have one or more of the above symptoms and/or are waiting for test results after experiencing symptoms?</li> <li>If you are <u>fully vaccinated</u>** or have tested positive for COVID-19 in the last 90 days and since been cleared, select "No."</li> <li>If the household member's mild tiredness, sore muscles or joints occurred within 48 hours after getting a COVID-19 vaccine, select "No". If their symptoms last longer than 48 hours, select "Yes."</li> </ul>					
<ul> <li>3. In the last 10 days have you been notified as a close contact of someone with COVID-19 or been told to stay home and self-isolate?</li> <li>• If public health has advised you that you do not need to self-isolate (e.g., you are <u>fully vaccinated</u>** or have tested positive for COVID-19 in the last 90 days and since been clear), select "No".</li> </ul>					
<ul> <li>In the last 10 days, have you tested positive on a rapid antigen test or a home-based self-testing kit?</li> <li>If you have since tested negative on a lab-based PCR test, select "No."</li> </ul>					
5. In the last 14 days, have you travelled outside of Canada AND been advised to quarantine per the <u>federal quarantine requirements</u> ?					
If "YES" to qu 2, 3, 4 or 5:	estions	Do not enter this location	+	Follow Toronto Public Health ad	vice
Operators must keep a record of attendance + contact information for all workers for 30 days and then shred.					

Developed in accordance with recommendations and instructions issued by the Office of the Chief Medical Officer of Health

Eully vaccinated means 14 days or more after a second dose of a COVID-19 vaccine series, or as defined by the Ontario Ministry of Health.

TORONTO.CA/COVID19

## I HAVE SYMPTOMS OF COVID-19, WHAT SHOULD I DO?

#### STAY HOME & SELF-ISOLATE. GET TESTED

If symptoms of a mild headache, tiredness, sore muscles or joints occur within 48 hours
after getting a vaccine, you do not need to isolate. You must wear a medical mask when
at work. If your symptoms last longer than 48 hours or worsen, stay home, self-isolate
and get tested.

#### WHAT WAS THE RESULT OF YOUR COVID-19 TEST?

#### **POSITIVE**

- Notify your workplace.
- You must stay home & self-isolate for 10 days from the day your symptoms started.
- Toronto Public Health or your local heath unit will contact you to do an investigation & will provide further instructions.

#### NEGATIVE

## Are you a close contact of someone who tested positive for COVID-19 in the last 10 days?

- No You may return to work 24 hours\*\*\* after your symptoms have started improving.
- Yes If you are not fully vaccinated\*\*:
  you need to self-isolate for 10 days
  from last exposure to the person
  who was positive.
- Yes If you are fully vaccinated\*\*: you may return to work 24 hours\*\*\* after your symptoms have started improving.
- Yes If you only received an exposure notification through the COVID Alert app: you can return to work 24 hours\*\*\* after your symptoms have started improving.

#### NOT TESTED

- You must stay home & self-isolate for 10 days from the day your symptoms started. After 10 days, you can return to work if your symptoms have been improving for at least 24 hours\*\*\*.
- If a health care provider has diagnosed a condition that isn't related to COVID-19, you can return to work 24 hours\*\*\* after your symptoms improve.

### I HAVE TRAVELLED OUTSIDE OF CANADA IN THE LAST 14 DAYS, WHAT SHOULD I DO?

- Stay home and self-isolate for 14 days, even if you test negative.
- If you are exempted from federal quarantine as per <u>Group Exemptions, Quarantine Requirements</u> under the Quarantine Act, you do not need to isolate.
- If you have symptoms, even if you are exempted from federal quarantine, you should get tested

\*\*Fully vaccinated means 14 days or more after a second dose of a COVID-19 vaccine series, or as defined by the Ontario Ministry of Health.
\*\*\*48 hours for gastrointestinal symptoms
