Attendance Policy 251 We would like to share some important information about **House Bill 410 (HB 410)**, an Ohio law that focuses on improving school attendance and supporting students and families. The goal of this law is to help students attend school regularly and to provide positive interventions when attendance becomes a concern.

Under HB 410:

- A student is considered “**habitually truant**” when they miss **30 or more consecutive hours, 42 hours in a month, or 72 hours in a school year**

without a legitimate excuse.

- When a student reaches certain absence levels, the school is required to contact families and work together to develop an **Attendance Intervention Plan**.
- The law encourages **communication and partnership** between families and schools, rather than punishment, to address attendance barriers.
