Global Staffing Solutions

# What is HSF Global Staffing Solutions?

Our global staffing solutions **streamline your hiring process**, offering access to the **top talented architects** and other professionals, **without the complexities and formalities associated with hiring in Canada** such as the use physical space and insurance.

Our team will **match your requirements with appropriate screened professionals**, onboard, connect, mediate and train (if necessary), and once integrated, will lead to a successful completed project.

**Enjoy substantial savings**—a fraction of your current salary costs—while enhancing quality and output. With flexible options to select your timings, durations, and team composition, whether you need an individual or a team, our seamless service can save you from 25,000 to 40,000 CAD annually or more, depending on your hiring needs.

**Agile payment and invoicing options** can be discussed to ensure your satisfaction.

# Use-case

From 12,000.00 USD per highly skilled staff a year, to 7000.00 USD for a full team per month.  
Now that sounds like flexibility in it's true tone, to me.

Current case:

\$4000 per month = \$48,000 per year

Use case:

\$1600 per month =. \$19,200 per year

=

*Save = \$28,800 per year*

*Gain = \$28,800 per year  
& peace of mind*

*\*All tailor-cut packages will have re-worked rates*
